

Open Science Compliance Form

Through this form, authors inform the journal about the manuscript's compliance with Open Science communication practices. Authors are asked to inform: (a) whether the manuscript is a preprint and, if so, its location; (b) whether data, program code and other material underlying the text of the manuscript are properly cited and referenced; and, (c) whether they accept openness options in the peer review process.

Preprints

Deposit the manuscript on a preprint server recognized by the journal.

Is the manuscript a preprint?	
<input type="checkbox"/>	Yes - Name of the preprint server: DOI of the Preprint:
<input type="checkbox"/>	No

Availability of Research Data and Other Materials

Authors are encouraged to make available all content (data, program code and other materials) underlying the text of the manuscript prior to or at the time of publication. Exceptions are allowed in cases of legal and ethical issues. The aim is to facilitate the evaluation of the manuscript and, if approved, to contribute to the preservation and reuse of the contents and the reproducibility of the research.

Are the contents underlying the text of the manuscript already available in their entirety and without restrictions, or will they be so at the time of publication?	
<input type="checkbox"/>	Yes: <input type="checkbox"/> the contents underlying the research text are contained in the manuscript <input type="checkbox"/> the content is already available <input type="checkbox"/> the content will be available when the article is published Follow the titles and respective URLs, access numbers or DOIs of the files of the content underlying the text of the article (use one line for each piece of information):
<input type="checkbox"/>	No: <input type="checkbox"/> data is available on demand from referees <input type="checkbox"/> after publication the data will be available on demand to the authors - condition justified in the manuscript <input type="checkbox"/> The data cannot be made publicly available. Justify below:

Peer review openings

Authors can opt for one or more of the openings in the *peer review* process offered by the journal.

When offered the option, do the authors agree to the publication of the manuscript's approval review?	
<input type="checkbox"/>	Yes
<input type="checkbox"/>	No
When offered the option, do the authors agree to interact directly with the referees responsible for evaluating the manuscript?	
<input type="checkbox"/>	Yes
<input type="checkbox"/>	No
