

How do you spend a week in San Diego?
Group Project

Introductory Instructions

For this project, you will work in groups to create a presentation that shows how people can spend a week in San Diego.

Students: 4 people in each group

Format: Google Slides presentation

- 9 slides total
- Slide #1: **Title** with student names
- Slides #2-8: Itinerary for 7 days in San Diego (one slide per day) related to your topic.
- Slide #9: **Personal Opinions** that identify the place or activity in which each member is most interested.

Focus Area/Topic: Because we do not want everyone to share the same information, you will pick a specific area to focus on for your trip. Some are related to interests, and some are related to regions of San Diego. There will be overlap, but that is okay!

Topics related to Interests	Topics related to Regions
• Art • Beaches • Food • Hiking • History • Sports • Theater & Concerts or Shows • Theme parks (amusement & educational) • Water activities	• Carlsbad, Oceanside, & San Marcos • Coronado Island to National City • Del Mar, Solana Beach, & Encinitas • Downtown San Diego • East County (east of CA-125) • East San Diego (in between I-15, CA-52, CA-125 & CA-94) • Escondido, Julian, & Poway • La Jolla & Torrey Pines • Ocean Beach & Point Loma • Old Town to Mission Valley • Pacific Beach & Mission Beach • South San Diego (south of CA-54)
