

What Is A “Te Reo-Athon”?

Our students are hoping to expand their knowledge, understanding and usage of Te Reo Māori. We are also looking into ways we can raise the funds to help the Holy Angels Orphanage in Kalyanpur, India as we can't have Mission Day the same way we usually do this year.

Each sponsor can choose from giving an amount for every correct word the student achieves or giving a koha, a fixed donation, to encourage the student and their further learning.
