

Kim Bianco's Voice Studio: 2025-2026 Voice Lesson Contract

I am so glad you have decided to take private voice lessons for the **2025-2026 school year!** You are making an important outside commitment to your vocal studies. In order to complete your goals here are a few guidelines:

1. Attendance is important. As you study weekly you will see continued progress. I understand that conflicts arise. If you need to cancel a lesson, please notify me by text or phone, (210) 865-9416 or by e-mail, jkbianco2013@gmail.com at **least** 24 hours in advance. If you notify me in advance, then I can reschedule your make-up lesson. If you miss a lesson without notification then you will forfeit the make-up lesson. I, in turn, will give you a 24 hour advance notice if I need to cancel due to emergency or illness and will schedule a make-up lesson for my absence. Communication is the key.

2. Payment is made on a monthly basis. I will charge **\$45 for a class session or lunch session at school (NESA only).** You can also sign up for an hour lesson in the evening or weekends at my home for **\$70.** Payment is due **no later than the first lesson** of the month. **If you need to make other payment arrangements or are interested in applying for a scholarship, please contact me.** Please check your school calendar and adjust payment for school holidays. Some months will have 5 lessons and others 4, on occasion some months will have 3. It is important to check your calendar for conflicts and advise me if you need to miss a lesson.

Payment can be by **cash, check, Venmo or Zelle.** Checks can be made out to Kim Bianco. You can also pay electronically through **Venmo or Zelle. Zelle can be made through my phone number: 210-865-9416.** If you prefer to pay through **Venmo,** my **Venmo** address is **@Kimberly-Bianco-2.**

3. Supplies are provided by the student. You will need to keep your music in a 3 ring binder with extra paper for notes, as well as a pencil with a good eraser. Also, please have your own recording device (phone) to record your lessons, warm-ups and accompaniments. If you don't have a recording device, I will be happy to record anything during your lesson for outside practice, which can include your melody, helpful warm-ups and piano accompaniment for your songs. If a professional accompanist is necessary, I can arrange for the accompanist to record for an extra fee and then it will be up to the student to pay for the outside accompanist fee.

4. Practice outside the lesson is essential. Singing is a physical activity that requires training the muscles in the body. Without practice, muscle memory will not occur and progress will be limited. **It is very helpful for students to have access to a mirror when practicing and to have the ability to playback audio recordings made in the lesson.** Please bring any necessary recording devices, i.e. phone, voice recorder, etc. to each lesson.

If you agree to the terms of this contract. Please return a signed copy indicating your desire to take voice lessons. You will be contacted re: assigned day/time. You will be responsible for a month's payment **before the first lesson.**
