VIPBonus9: FaceBook Quiz Creator App

With FaceBook Quiz Creator, you can easily create fun, entertaining FaceBook quizzes with just a few clicks of your mouse.

By using this useful and effective plugin, you're giving your visitors the chance to challenge themselves by solving quizzes that will keep them entertained (so this way they will spend more time on your site.)

You can also use it to grow your traffic using a series of trivia quizzes with topics related to your business/website.

VIPBonus10: In-Content Popup Pro App

In-Content Popup Pro is a new plugin that lets you create attention grabbing pop ups within your content.

You can trigger in-content video popups, image popups, text popups, or content popups which you can use to showcase your product, article or even your profile.

Additionally, you can add a secondary content popup that can contain optin forms, buy buttons, or social sharing icons.

This will help boost your traffic, sales and email lists.

This is an “in-content” trigger tool so you have the ability to choose the timing when the popup shows up.

This way, you’ll capture the attention of your traffic at exactly the moment it matters the most.
