

Blue Ridge School

Nestled on a breathtaking 750-acre campus in the foothills of Virginia's Blue Ridge Mountains, Blue Ridge School is an all-boys, college-preparatory boarding school serving grades 9–12. Home to 189 students from across the United States and around the world, Blue Ridge provides capable and willing young men of good character with an environment where they can thrive academically, socially, and personally.

At Blue Ridge School, boys are known, challenged, and supported. Our intentionally small community fosters meaningful relationships between students and faculty, creating a culture where young men are encouraged to take risks, pursue their passions, and develop confidence through achievement. Self-esteem is built on real accomplishment—in the classroom, on athletic fields, through the arts, and across a wide range of co-curricular opportunities.

With an average class size of just 11 students, teachers are able to provide individualized attention that helps each student reach their full potential. Beyond academics, students benefit from leadership opportunities, outdoor adventures, competitive athletics, character development programs, and a vibrant residential life experience that prepares them for success in college and beyond.

Blue Ridge School is accredited by the Southern Association of Colleges and Schools and the Virginia Association of Independent Schools.

Whether a student seeks academic challenge, personal growth, leadership development, or a supportive community that feels like family, Blue Ridge School offers an experience that transforms young men into confident, capable, and compassionate leaders prepared for the opportunities and challenges of the future.
