

HELP US KICK OFF **EACH ONE REACH ONE**

RECRUITMENT CAMPAIGN

For NEW TSVI/TVIs

In the field of vision loss there are conservatively over 10,000 practicing professionals. Success Beyond Sight and its sister nonprofit, ACVREP, have over 5,000 professionals in their databases.

IMAGINE if every professional in the field reached out to at least one person they know to talk to them about the rewards of becoming a teacher for students with visual impairment. It could be a:

- a general ed teacher wanting a career change
- a general special ed teacher wanting to be more focused
- a nurse exhausted from the events of the last few years, but who still wants to make a difference in a child's life
- someone who was laid off from their job and wants to enter a high demand field
- a mother whose children are older and is ready to go back to work
- A student trying to decide on a career

You can, personally, make a difference by joining the campaign to recruit others into this rewarding field.
