

From the Office of US Representative Tucklet1911

Firstly, I would like to express my extreme shame in Senator Aamo for this smear campaign. He wasn't present for the event, he doesn't have all the facts, and he is deeply angered and frustrated by political differences. I wish that an esteemed member of Congress like Senator Aamo would have much more intelligence and wait for the actual facts to come in before making such an accusation. His attempt at revenge regarding my vote for the National Conversion Therapy Ban Act is sickening, and sad.

Secondly, I would like to deny any instances of tasing the Vice President. He is a man I hold to extreme respect, and I doubt the Secret Service would ever allow him to be harmed. During my daily rounds in Congress, I jokingly jabbed at the Vice President with a taser that was turned off. At no point in time was it turned on, and if the Vice President was offended or hurt by the instance, I am extremely sorry.

Thirdly, I want to apologise to my constituents for the extremely immature behaviour I showed when I joked around with the Vice President. It was completely insane and should have never happened, I am personally ashamed that I stooped down to this level of immaturity and it will never happen again. I wish my constituents to understand that this will in no way change my work ethic, my political opinions, or political ambitions.

I still support the independence of the Department of Justice and wish them the best in their search to arrest and imprison a sitting Congressman. I would most definitely hope the Attorney General follows the law and does not attempt to arrest me while I sit in during a session of the House, or am going to and from such session.
