

San Antonio Math Include

Provide Greater Access to STEM Education to All Students

Ivy L.

**Director of Arden Hills, Minnesota Chapter
Tutor
San Antonio Math Include**

Ivy is part of the Class of 2026 at Mounds View High School. She is passionate about learning as much as she can and sharing her knowledge about STEM, especially within anything related to biology or anatomy. Ever since elementary school, she has consistently participated in STEM-centered extracurriculars, such as Science Olympiad and HOSA. Currently, she is part of the cross country, track & field, and speech team at her school. Outside of school, she enjoys reading, listening to music, and watching movies. And, she is quite excited to help students explore their passion & expand their knowledge in science and math!
