ACTS and Foothills Caring Corps are Now Serving Neighbors in Need in the Anthem Area

March 17, 2025, Anthem, AZ – Two local nonprofit service organizations, ACTS (Anthem Cares Through Service) and Foothills Caring Corps (FCC), announced this week that their neighbor support services are now available in the Anthem area.

In November 2024, the two organizations announced their new community partnership to improve the quality of life for Anthem-area residents, particularly seniors and those needing assistance at home. Over the past four months, Foothills Caring Corps and ACTS have trained more than 70 Anthem-area residents as volunteers for the program.

Volunteers provide services such as non-emergency medical transportation, mobile meals, friendly visits, handyperson services, shopping, and tech assistance, which are designed to help individuals remain living independently in their homes. The goal is to have no neighbor left behind.

For service requests for a local neighbor in need, a request form must be completed at Foothills Caring Corps. An FCC staff member will get in touch with the requester within 48 hours.

ACTS and FCC have strong volunteer bases, and together, these nonprofit organizations can more effectively mobilize and coordinate volunteers to meet Anthem's growing community needs. By pooling their expertise and resources, both organizations aim to build a community where everyone feels valued, supported, and empowered to live their best lives.

ACTS continues to encourage more Anthem-area residents to volunteer their time and skills to support local seniors in need of home support services. Volunteer orientation sessions are available each month at the Anthem Civic Building. Anyone interested in volunteering to support Anthem neighbors in need may register for training on FCC's website.

The orientation sessions provide information on volunteering tips and best practices. All volunteers must complete a background check.
