

My Little Red Book

I just got out my little red book
The minute that you said goodbye
I thumbed right through my little red book
I wasn't gonna sit and cry

Went from A to Z
That you got every little girl in town
You danced with me and as I held you

All I did was talk about you
Hear your name and
I'd start to cry
There's just no getting over you
Oh, no

There ain't no girl in the little red book
Who could ever replace your charms
And each girl in my little red book
You're the one I'm thinkin' of
Won't you please come back
Without your precious love I can't go on
It's hurting me I need you so much

All I did was talk about you
Hear your name and
I'd start to cry
There's just no getting over you
All I did was talk about you
Hear your name and
I'd start to cry
There's just no getting over you
Oh, no

Oh won't you please come back
Without your precious love I can't go on
It's hurting me I need you so much

All I did was talk and talk about you
Hear your name and I'd start to cry
There's just no getting over you
All I did was talk about you
Hear your name and I'd start to cry
There's just no getting over you
Oh, no
Oh, no
