

Furniture AI - Privacy Policy

1. Introduction

This Privacy Policy explains how Furniture AI ("the App") collects, uses, and protects user data while using the app and its services.

2. Collected Data

The App may collect and process the following types of information:

- **Account Information:** Email address or login credentials to manage user accounts.
- **Uploaded Images:** Photos uploaded by users for processing and enhancement.
- **Device Information:** Basic technical details such as operating system and device type to ensure service functionality.
- **Usage Information:** Interaction data to help improve user experience.

3. Use of Data

Collected information is used to:

- Allow users to upload and process images.
- Provide design suggestions based on uploaded content.
- Improve application functionality and user experience.
- Manage and secure user accounts.

4. Data Sharing

We may share necessary data with trusted service providers that support the App's functionality, such as cloud hosting, artificial intelligence processing, and content generation services.

- Data is shared strictly for processing purposes.

- No user data is sold to third parties or used for advertising without explicit consent.

5. Data Storage

- Uploaded images and related data are stored securely in cloud infrastructure.
- Data is retained for user access unless the user requests deletion.
- Processing tasks are handled within secure environments.

6. Data Security

We implement appropriate technical and organizational measures to safeguard user data against unauthorized access, loss, or misuse.

- All communications are encrypted.
- Data access is restricted based on authentication and role.

7. User Rights

Users have the right to:

- Access their stored data.
- Request deletion of their data and account.
- Manage or revoke app permissions through device settings.

Requests can be made by contacting iletisim@sanatyazilim.com.

8. Changes to the Privacy Policy

We may update this Privacy Policy periodically. Users will be informed about significant changes via the App.

9. Contact Information

For any questions regarding this Privacy Policy, please contact:
