Medical Form K9 Samy

Allergic reactions are understandably something parents and educators may be concerned about potential allergic reactions to dogs within the school environment. However dog handlers are required by their organizations to meet cleanliness and grooming requirements minimizing allergic contact. Dogs also are only put in situations where students voluntarily participate thus avoiding risky contact.

**If there is an objection or allergy to your child being around K9 Samy please let us know.
Only return this form if there is an issue or an objection with K9 Samy.**
