Description

As we age, collagen production decreases, resulting in visible signs of aging like wrinkles and sagging skin. [\[3\]](#)

*Whether you're aiming to maintain youthful skin or support joint health, **Miduty's Marine Collagen** is the ideal solution for your beauty needs, including skin, hair, and joints, making it one of the best marine collagen options in India.*

This supplement is **sourced from collagen peptides of wild-caught fish—rich in type I, II, and III collagen**, and is renowned for its **high bioavailability and superior quality** compared to other marine collagen tablets or powdered forms.

Miduty Marine collagen supplement is **hydrolyzed, breaking it down into smaller peptides** that the body can absorb more easily. [\[4\]](#)

Miduty's Marine collagen helps in retaining skin moisture. This marine collagen also supports repairing damaged skin cells, promoting a smoother and more youthful complexion.

Rich in essential amino acids such as glycine, proline, and hydroxyproline, this forms the best marine collagen that is pivotal in promoting skin elasticity, reducing wrinkles, and enhancing hydration. Our marine collagen supplement can also strengthen nails, reduce brittleness, and promote faster growth.

Along With providing a pile of benefits for the skin, this **Marine Collagen supports the production of keratin, a key protein for hair growth, leading to thicker and stronger hair.** [\[5\]](#)

Taking a marine collagen supplement may help reduce stiffness, swelling, and joint pain. So consuming Miduty Marine Collagen containing **Wild caught fish hydrolyzed collagen peptides** supports joint health by strengthening connective tissues, reducing inflammation, and promoting faster recovery from physical activities.

Miduty Marine collagen can also improve bone density, contributing to stronger bones and reducing the risk of osteoporosis and fractures. [\[6\]](#)

Marine collagen offers great benefits in gut health improvement too. **It supports the repair of the gut lining and improves digestive health.** [\[7\]](#) **Collagen supports the integrity of the gut lining, promoting better digestion and nutrient absorption.** This marine collagen powder helps maintain the integrity of the intestinal barrier, preventing leaky gut syndrome and promoting better nutrient absorption.

How do I take them (This will be an accordion with subsections)

Dosage-

- Take 1 scoop (7g) in 250ml of water. Mix thoroughly and drink after your meal.

Please Note-

- This product contains fish peptides. Please avoid consumption if you are allergic to fish or seafood.
- Minimize alcohol consumption and avoid smoking as both can deplete Collagen levels in the body.

What's it for:

- Skin Elasticity & Hydration
- Delay signs of aging
- Skin Regeneration
- Joint Health & Mobility
- Promote faster wound healing and recovery
- Muscle growth and repair from injuries
- Supports healthy hair and nail growth
- Maintaining Bone Density & Strength

Why is Miduty's Marine Collagen Superior?

- Compared to regular marine collagen powder, Miduty's Marine Collagen is **completely hydrolyzed** for easy digestion and absorption by the body. Sourced from **wild-caught fish**, it is known for its **high purity and bioavailability**.
- **Free from heavy metals:** Although marine collagen is derived from fish and there is a potential risk of mercury contamination, our marine collagen **undergoes rigorous testing to guarantee it is completely free from heavy metals** and other contaminants, including mercury.
- **Rich in type I, II, and III collagen:** Miduty's Marine Collagen provides the **complete collagen trio**: Type I, II, and III, unlike most supplements.
- **Free from artificial flavors:** Miduty's Marine Collagen is completely **unflavored** and free from additives or artificial flavors—unlike many other supplements on the market.

FAQs (4-5 FAQs)

How long does it take to see results from taking Marine Collagen?

Results can vary depending on individual factors such as age, diet, and lifestyle. You may get noticeable improvements in skin, joints, and complete health within a few weeks of regular use. For optimal results, we recommend consistent use of marine collagen for at least 3 months.

Is Miduty Marine Collagen effective for athletes or those with active lifestyles?

Yes, this is the best marine collagen that supports muscle recovery, joint health, and well-being for physically active individuals. It provides essential amino acids necessary for muscle repair and recovery.

Does Marine Collagen have a taste or smell?

Miduty Marine Collagen supplement is completely unflavoured, odorless, and tasteless, making it easy to incorporate into your daily routine.

Are Miduty and Palak notes the same brand?

Yes, the brand's Palak Notes and Miduty are the same.

Unknown Facts About Marine Collagen**Supports A Healthy Gut**

A lack of collagen can weaken your gut barrier, potentially leading to conditions like leaky gut syndrome or IBS, which can cause pain, bloating, excess gas, constipation, and diarrhea. Marine Collagen powder strengthens the fibers of your stomach wall, helping to contain and direct toxins appropriately while effectively absorbing nutrients.

Assistance in Blood Flow

Marine collagen not only strengthens hair and tendons but also supports blood vessel health. Insufficient collagen can weaken vessel walls, leading to narrowing and making it difficult for the heart to efficiently pump blood. Supplementing with marine collagen helps to strengthen the artery structure, promoting better circulation throughout the body.

PALAK NOTES IS NOW MIDUTY

New Era! Continued Dedication!

Pain that went untreated gave rise to the brand Palak Notes. Pre-COVID, we began to evolve, and over the past three years (and counting), we have dedicated ourselves to learning about the pain and health issues that society suffers. We had a modest beginning, but today we have a large family.

So, in order to adapt to these changes over time, we have decided to create a new brand identity that reflects our team and potential customers. We are now known as MIDUTY. Our vision for the current era is presented and projected through this new identity.
