

Metatticas Terms of Service

To ensure that our collaboration runs smoothly and that we're both happy with the final result, I have a few terms of service that I ask my clients to abide by.

These terms are designed to protect both of our interests and ensure that we have a clear understanding of what to expect throughout the commissioning process.

So please take a moment to review my terms of service before we begin and please keep in mind that these rules are subject to change in future.

If you have any questions or concerns, don't hesitate to reach out to me.
