

To The Editor

Daily Hampshire Gazette

I write in enthusiastic support for Ward 1 City Council candidate, Gwenevra “Gwen” Nabad. I know Gwen from her work in and relationships with many of the underrepresented, underserved, and often unknown residents of Northampton. Gwen has the lived experience of these folks and pledges to bring their voices to the table, in regard to housing, schools, and the climate and environment. Her background and commitment will translate to action and change in communities that are not often directly addressed. She is currently chair of the Northampton Housing Partnership and is an active participant in Grow Food Northampton. While no one person can make it right for all, Gwen will try hard as a city councilor to make all voices matter, with love, kindness, and passion. Please vote for Gwen on Tuesday, November 4!

Thank you.

Gwen Agna
