

Nutty Buddies

Materials: game board, playing cards with the face cards taken out, 16 markers (coins, beans, noodles, etc.) for each player.

Directions:

- 1) Each player places all of their game markers on any numbers on their gameboard. There may be more than one marker on a number.
- 2) Each player takes a turn choosing two cards from the deck and finding the sum. Explain to your partner the strategy you used to add those numbers.
- 3) The player may remove one marker from the sum that was rolled.
- 4) If there is not a marker to take off the gameboard, the player loses the turn.
- 5) The player that clears their game board first is the winner.
