

Educational Counseling and Disabilities Services now offers online resources, enabling students to schedule appointments, obtain accommodated testing, and a place where students can request accommodations virtually!

Please remember, all appointments scheduled will be held virtually through Microsoft Teams. If you are a current student registered with our office, please log on to MyFSU to request your accommodations for Fall 2020. This can be done by clicking the "self-registration" link and follow the prompts.

Instructors, please watch for news and updates from ECDS to your inbox. These will include requests for tests, accommodation information and general information about ECDS.

Please contact [ecds@ferris.edu](mailto:ecds@ferris.edu) for specific questions or concerns.
