React Native developer (Middle/Middle+)

Interexy is an American company specializing in web and mobile development services. Our expertise covers several key areas, such as Healthcare, NFT & Blockchain. Additionally, we successfully operate in the fields of Social Media, Fintech, and E-Learning. We develop innovative projects and solutions, ensuring our clients achieve their business goals and meet their needs in the Tech Sector (або IT field/IT Industry/Tech Industry).
Our team is actively growing and now we are looking for a **React Native developer (Middle/Middle+).**

What is important to us:

- Minimum of 2 year of experience with React Native (+React 1 year minimum).
- Proficiency in JavaScript and a strong understanding of React Native concepts.
- Ability to develop and maintain cross-platform applications for iOS and Android.
- Knowledge of Java/Kotlin for Android app development and Objective-C/Swift for iOS app development.
- Experience with React Native-related tools and frameworks such as Redux, React Navigation, and others.
- Experience in API integration and working with databases.
- Proficiency in developing user interfaces, understanding design patterns, and user experience.
- Strong teamwork and communication skills.
- Problem-solving abilities, analytical thinking, and self-motivation.

What we offer:
From the 1st working day:

- 12th month pay policy;
- online/offline literature compensation;
- B-day gifts;
- corporate events;
- cash benefits for significant events in life.

After passing the probation period (+ benefits from the 1st working day):

- medical insurance (including dental services);
- 25 vacation days;
- 3 days off;
- corporate English;
- compensation of educational courses online/offline;
- sports compensation;
- corporate gifts.
