

SAMPLE PHONE CALL — Knox County District Attorney's Office
865.215.2515

"Hello, my name is [Your Name] and I am calling from [Your City, State].

I am calling regarding the case against Alison Klafehn, the former University of Tennessee Veterinary Medical Center employee who was arrested for stealing fentanyl meant for animals and replacing it with salt water.

I have been following this case closely, and I am respectfully asking that District Attorney Charme Allen pursue the harshest penalty possible under Tennessee law. This woman worked in a position of trust at a facility that exists to protect and heal animals. Her actions put innocent animals at risk of waking up during surgery or suffering in severe pain during recovery. That is completely unacceptable.

The community is watching this case, and we are asking that your office hold her fully accountable. Thank you very much for your time."
