TUCKAHOE
UNION FREE SCHOOL DISTRICT

BOARD GOALS – 2025-2026

1. **Strategic Plan**
   - Develop a clear and concise road map for the district's future, aligned with student success and community values.

2. **Communication & Stakeholder Engagement**
   - Increase Board visibility.
   - Provide recaps of the Board meetings preferably via email to provide transparency.
   - Reach out to thank our faculty and staff more often.
   - Schedule community meetings and forums as has been done in the past with the Superintendent and Board members to create an open dialogue.

3. **Policy Review**
   - Review all policies to identify outdated policies that need revisions and analyze and create new policies that we feel would be needed.
   - Ensure that all current policies reflect current law and best practices and address district needs.

4. **Settle Contract Negotiations**
   - Finalize contract in a fair, transparent, and sustainable way. We feel that our staff and teachers are key to our District, and settling these contracts is the Board's number one priority.
