Please see the details below and on ForensicsTournament.net. We are so excited to see you this January!

# Tournament Information

This is an Individual Events Swing tournament, meaning that there are two tournaments IE students may compete in. IPDA will run on Sunday only. There will be one full day of competition on Saturday followed by awards, and one full day of competition on Sunday followed by awards. Each competition day will consist of two preliminary rounds and one final round. Students may compete in one or both halves of the swing. Students participating in IPDA may not cross enter in IEs on Sunday, but may compete in IEs on Saturday. The patterns for Saturday are A/B, and Sunday are C/D/E.

Eligibility: Students who meet AFA/NFA requirements for their events are eligible to compete at this tournament. Students in their first year of forensics are eligible to compete in the Novice division. The tournament reserves the right to collapse divisions into Open based on entry size. In the event that divisions are collapsed, the top novice will be recognized.

**Pattern A/C:** Impromptu Speaking, Persuasive Speaking, Communication Analysis, Duo Interpretation, Program Oral Interpretation, and Dramatic Interpretation

**Pattern B/D:** Extemporaneous Speaking, After Dinner Speaking, Prose Interpretation, Poetry Interpretation, and Informative Speaking

**Pattern E** (Sunday Only): IPDA

**Rules:**

1. Open and Novice IE's will be offered in accordance with AFA-NST rules.
2. We reserve the right to collapse open and novice divisions in small events. Events with fewer than 5 contestants in a division may be collapsed. If divisions are collapsed, the top novice competitor will be recognized.
3. Students may triple enter in IE. All double and triple-entered competitors are responsible for making it to their rounds on time. We will not average scores for a missed round.

4. Placement/Advancement in Elimination Rounds - Students will be ranked first by lowest cumulative rankings in the elimination round, then by judge's preference, then by the highest reciprocal score in elim (a.k.a. decimal conversion), by the highest cumulative ratings (a.k.a. speaker points) in elim, and finally by the sum of ranks*, including* prelims.
5. Judging – One judge covers 5 entries per pattern. Please ensure all of your judges are available for the entire day they are entered to judge. We cannot accommodate half day judges. All IE judges are committed through finals.

## Awards

There will be an awards ceremony at the conclusion of each competition day. Team sweepstakes awards will be awarded to the top three institutions in the community college division, and the university division. We will recognize the individual who has accumulated the most points as the top speaker for each day of competition. All IE finalists will receive awards.
