

# HEART OF WORSHIP

D2                      A2                      Em7  
When the music fades and all is stripped away  
                         A7sus  
And I simply come  
D2                      A2                      Em7  
Longing just to bring something that's of worth  
                         A7sus  
That will bless Your heart

Em7              D                      A7sus  
I'll bring You more than a song For a song in itself  
Em7              D                      A7sus  
is not what You have required  
Em7                      D                      A7sus  
You search much deeper within  
Through the way things appear  
Em7              D                      A7sus  
You're looking into my heart

D2                      A2  
I'm coming back to the heart of worship  
Em D/F# G                      Asus  
And it's all about You, all about You, Jesus  
D2                      A2  
I'm sorry Lord for the things I've made it  
                         Em7 D/F# G                      Asus                      D  
When it's all about You, all about You, Jesus

D2                      A2  
King of endless worth, no one could express  
Em7                      A7sus  
How much You deserve  
D2  
Though I'm weak and poor  
A2                      Em7                      A7sus  
All I have is Yours, every single breath
