

EDTC 801 Summer Institute in Educational Technology Leadership I Summer II 2023

Project 2: Individual Contribution Cohort 11 Showcase

You will receive a group grade (Project 1) worth 20% of your grade for this course for the presentation that will be viewed by all cohorts on Thursday, July 20th at 3:30pm. You will also receive an individual grade on your contribution to the Showcase (Project 2), also worth 20% of your overall grade.

Complete this log (fields expand) and upload it as a PDF or Word document by July 23, 2023. Each log should be about one-two pages in length. Responses may be bulleted.

Individual Contribution Log

Your Name:	Jacqueline Zamora
Contribution Team	Resources with Cohort member: Paula Gray
Description of Contributions	I thoroughly enjoyed working on the Cohort 11 showcase group project and collaborating with my cohort resource partner. Witnessing everyone actively participating, sharing their ideas and creativity, taking pictures, and voting through Google Forms was inspiring. This project provided an opportunity to learn from my fellow cohort members, and together, we developed a solid action plan to successfully deliver our cohort's website that included a user-friendly resource page with local and national events.
Your Strengths	<ul style="list-style-type: none">• Participated in voting to select the final team's name, vision, and mission statement.• Reviewed previous cohorts' websites to understand the content needed for our resource page.• We used a Google document that included beneficial NJCU links and NJCU Ed tech social media connections for our Cohorts resource page.

	<ul style="list-style-type: none"> ● We reviewed and selected several local and national professional organizations for our cohort. ● We added local and national conferences with upcoming dates for our cohort to review and possibly attend. ● Navigate through each resource to ensure that it is current and applicable. ● Problem-solved links to ensure they are workable (one of the Cohort links did not work but was left on our resource page to maintain consistency). ● Before submitting the resource links to the Cohort for their review and feedback, I categorized them with my resource partner based on their themes. ● Maintained communication and used time efficiently to develop the resources list. ● Adapted to change and was open to new resources and new ideas.
Your Weaknesses	<ul style="list-style-type: none"> ● I wanted to do too much at the same time. I could have done more to promote the current resources. ● Sometimes, my mind would go all over the place until I intentionally stopped to refocus and gain clarity. ● Sometimes, my indecisiveness gets in the way as I overthink too much and tend to doubt myself. <p>As I reflect on our group project, I could have done more. The resource page we created for doctoral candidates could have benefited from additional information. Like Haw, I struggle with indecisiveness and question myself for too long. Nonetheless, I strive to be proactive, just like Scurry and Sniff. In particular, I am determined to find fresh mozzarella to further my growth and development.</p>
