

Cadet Resources/Library

Learn to Lead (link below) is the Textbook for Civil Air Patrol.

In the first Volume you explore Air Force Traditions, The Cadet & The Team and The Art & Science of Leadership.

As your career as a cadet continues, you learn more about Small Team Leadership, The NCO & The Team, Brainpower for Leadership, The Human Element, Schools of Thought and Effective Communication.

Once you progress to the higher levels of cadet leadership, you will encounter Indirect Leadership concepts in Volume 3 and delve into Chapters on The Cadet Officer, The Staff Officer and the Leaders as Commander.

Finally, in Volume 4 you will learn Strategic Perspectives and Chapters will include: Introduction to Strategic Leadership, Leading Public & Volunteer Organizations, Airpower as Strategic Laboratory, Organizational Culture & Change and finally, Strategic Communication and negotiation.
