

**Parent/Guardian Consent for
Computing & Publicity Consent**

(This is a two-part consent form. Please read it thoroughly and initial BOTH Part 1 and Part 2 before completing the attached certification and returning it to your child's school).

PART 1.
Acceptable Use Policy

_____ I hereby give permission for my son/daughter to use the information technology services, including Internet access, provided by the Bloomfield School District. I have read the Guidelines for Responsible Computing on our website (www.bloomfield.k12.nj.us) and contained within the [Student Handbook](#). I acknowledge the potential for my son/daughter to access inappropriate information, and that while the school district restricts connection to inappropriate sites, my child is ultimately responsible for the information he/she accesses. **Please be aware that the district monitors all internet activity on district issued devices and when pupils access district internet connectivity.**

PART 2.
Publicity Consent

_____ I/We GRANT permission for this student's photo/image and all other personal identifiers listed above to be published on the school and/or district's public Internet site. **This may include videos that depict my child in the classroom setting for the purposes of State teacher licensing and/or certification.**

_____ I/We DO NOT GRANT permission for photo/image that includes this student to be published on the school and or district's public Internet site.

In accordance with N.J.S.A. 18A:36-35 information, including photo images of your child, shall not be disclosed on the Bloomfield School District website without your prior written consent as the pupil's legal parent or guardian. We are sending you this parental consent form to both inform you and to request permission for your child's photo/image and personally identifiable information to be published on the district and/or school's website. As you are aware, there are potential dangers associated with the posting of personally identifiable information on a website since global access to the Internet does not allow us to control who may access such information. These dangers have always existed; however, we as schools do want to celebrate your child and his/her work. The law requires that we ask for your permission to use information about your child. In addition to providing your consent to the District's use of images, you are required to confirm your understanding of the [Acceptable Use of School District Computers](#) - Policy #2361 as well as the [Bloomfield Code of Public Conduct – Policy #5600](#).
