

Hey (Name),

In your last post on Facebook, how you quote "If you want to change your life you have to raise your standards." It's inspiring your customers to the importance of raising their standards to create positive change in their lives.

With saying that, I came up with a strategy for your Facebook post. You can use it to build your customer trust and engage with you and your content.

I went ahead and paste it below for you.

If you like what I did, I have a few ideas that can help you build more trust with your customers and bring new customers.

Thanks

Nicholas
