Feedback on schedules

Have you ever wanted to take a class but had to wait until the next quarter or even two quarters later because the class is only offered once a year and fills up so quickly? The purpose of this survey is to gather student feedback to ensure your course schedules are as convenient and effective as possible. Send us feedback to make your voice heard in the decisions of the final

schedule for your courses. It helps us ensure that the schedule reflects the needs of the students. Link for the application : [Course Schedule Survey](#)
