### **COLLEGE LIBRARY OBJECTIVES**

It is needless to emphasize that College Library is essential to every long-term strategy for

- \_ Literacy
- \_ Formal Education
- \_ Information Provision
- \_ Economic, Social and Cultural Development.

Thus it must be supported by the local, state and national governments of the day.

In conceptual planning and development of college library services, the librarian is guided by the stated objectives of the college. These objectives mostly pertain to the provision of reading material, guidance in reading, reference service, instructions in the use of library catalogue and reading materials, personal and social guidance to students etc. With little modifications here and there, different school libraries decide about the priorities of services to be offered and frame a set of objectives to be achieved. The major objectives of a school library are to:

- \_ Effectively participate in the teaching-learning program of the college;
- \_ Provide the students with appropriate library materials both printed as well as audio visual and services for the overall growth and development of the personality of the students as an individual;
- \_ Develop reading ability and interest, and inculcate love, enjoyment and pleasure of reading amongst the students;

\_Assist the students to become skillful and discriminating users of library;

\_Offer opportunities for experiences in creating and using information for knowledge, understanding, information and enjoyment;

\_Support all students in learning and practicing skills for evaluating and using information, regardless of form, format or medium, including sensitivity to the modes of communication within the community;

\_Stimulate and guide each student in the selection and use of books and other reading materials for the building of taste at appropriate level of maturity;

\_Workout a program in consultation with teachers for the effective use of all types of library materials;

The above-mentioned objectives focus upon the most important functions of the library in a college situation.

In order to achieve these objectives the College Library:

\_provide the students equal access to all library resources.

By giving facility of LIBRARY OPAC System

\_arrange for high quality customer service to students organized on modern lines.

By giving facility of Internet service and library software

\_be familiar and aware of popular books and magazines, the students enjoy most.
