The FOSSASIA team is pleased to welcome you to the FOSSASIA Summit in Bangkok, Thailand. This document provides an overview of the relevant information for speakers. We will have the opening on **Thursday March 13 at 9:00 AM**. Below you find more information about the schedule, facilities, and travel info. We've also compiled a map of **points of interest** and a list of **recommended local dishes** that you shouldn't miss while you're in Bangkok. Be sure to check the Bangkok Experience section.

Should you have any questions about the event agenda, social event etc, please stop in at the Registration Desk or ask one of the volunteers. We look forward to spending time throughout the event with all of you. Thank you for being our guests in Bangkok, Thailand.

2. Communication

Please join us now on the following channels for additional info and exchange among each other during the event on:

If you have any questions that need to be solved by the organizers, please contact office@fossasia.org before the event or during the event go to the registration desk for inquiries. In case of an emergency, please reach Fon or Mishari on Telegram.

3. Arrival at Airport

Bangkok has two international Airports, Suvarnabhumi (BKK) and Don Muang (DMK), both are connected by an excellent train, bus, and highway system.

Suvarnabhumi Airport (BKK)

- **Trains** - the ARL City line departs from the basement of the airport and connects to the MRT at Makkasan and BTS at Phaya Thai, fare is 45 baht and takes about 30 minutes. This is the recommended way to get into town to avoid traffic.
- **Ride Hailing** - BKK Airport is serviced by Grab, Bolt, and other ride-hailing apps. Grab is popular, accepts credit cards and is reasonably convenient.
- **Meter Taxi** - follow the public taxi sign on the 1st floor and take a ticket from the machine, standard taxis are regular sedans whilst big taxis are SUVs. Note they only take cash, you need to pay for the expressway, and there is a 50 baht surcharge. Travel time is approximately 45 minutes to 1 hour and expect to pay around 300 - 500 Baht depending on your destination.
- **Airport Limousine** - luxury option, you can get a comfortable car (Toyota Camry to Mercedes Benz), prices are 800 Baht up.
- **Bus** - S1 Bus goes to Khao San and the Democracy Monument area, you need to take a shuttle bus from the 5th floor, journey time is about 1 hour

Don Muang Airport (DMK)

- **Trains** - follow the sign to the SRT Red line that will take you to the Bang Sue Grand station that connects to the MRT. Trains depart approximately every 20 minutes between 5.30am and midnight, cost is 20 Baht and it takes about 20 minutes to reach Bang Sue. This is the recommended way to get into town.

- **Bus** - there are several buses which depart from Don Muang, the most convenient of which is possibly A1 that takes you past Mo Chit BTS where you can continue by train. Buses depart from Terminal 1 Exit 6 or Terminal 2 Exit 12, price is 30 Baht.
- **Ride Hailing** - DMK Airport is serviced by Grab, Bolt, and other ride hailing apps. Grab is popular, accepts credit cards and is reasonably convenient.
- **Meter Taxi** - there is a taxi counter on the first floor, note they only take cash, you need to pay for the expressway, and there is a 50 baht surcharge. Travel time is approximately 45 minute to 1 hour and expect to pay in total around 400 - 700 Baht depending on your destination.
- **Airport Limousine** - luxury option, you can get a comfortable car (Toyota Camry to Mercedes Benz), prices are 800 Baht up.

6. Location and Address

Address: True Digital Park, 101 Sukhumvit Road, Bangkok 10260, Thailand

BTS Station: [BTS Punnawithi](#)

Links to online map: [OpenStreetMap](#) | [Google](#)

Bangkok traffic is notoriously unpredictable, so here are the best ways to reach the venue, ranked from most to least recommended. See [11.3 Transportation](#) below for more details about getting around Bangkok.

6.1 Access via BTS (Bangkok Mass Transit System)

The venue is just a 5-minute walk from Punnawithi BTS Station (Sukhumvit Line). For real-time transit updates, download the BKK Rail App: [Google Play Store](#) OR [App Store](#)

Tickets can be purchased using Cash, Cross-border QR Code, WePay and available at automated machines or staffed booths. This is the recommended way to travel.

6.2 Tuk Tuk (Muvmi App)

For short-distance trips, try **Muvmi** app ([Google Play Store](#) OR [App Store](#)), which offers a 6-seater electric tuk tuk (motorized 3 wheel vehicle) ride-sharing service.

- Fixed pickup & drop-off points
- Shared rides (may stop to pick up others)
- Preload credit in the Muvmi app before use

6.3 Bicycle

Bike sharing by Anywheel is available for you to ride between the station and the venue, you will need to load the App first and register. Please ride slowly on the sidewalk for your safety, more information [below](#).

6.4 By Bus

A bus stop is right in front of the venue with multiple routes available on Google Maps or **Moovit** ([Google Play Store](#) OR [App Store](#)) note that traffic can be bad and unpredictable.

6.5 Taxis & Ride-Hailing

Consider that Bangkok traffic ranks 7th globally and motorcycles here have very high fatality rates before choosing these options.

Car

Ride sharing apps are available and the recommended way to get private transport. The most popular is Grab, they accept cash or card and are reasonably convenient and have different options.

Taxis are available for hailing and accept cash

Motorcycle

Available by ride hailing app such as Grab and also Motorcycle taxis are available for hailing and you can identify them by their signature [orange jackets](#). Do wear a helmet as accidents are frequent with a fatality rate of 3%.

6.6 Tuk Tuk (Regular)

These are available for hailing by the road and mostly marketed towards visitors. You need to negotiate fares which are usually quite expensive. Perhaps worth trying once.

7. Food and Beverages at the Event

Catering for Speakers is available Thursday to Saturday in the exhibition area. For additional dining options, explore the many restaurants and cafés within the conference building.

Stay Hydrated Sustainably! Water dispensers are conveniently located in the exhibition area and conference rooms. Help reduce waste by refilling your water bottle instead of using disposable cups.

8. Venue Facilities

8.1 Stickers Table

We have a sticker table at the Registration desk, located on the left of the entrance, where you can display your stickers and promotional materials for your Open Source projects at the event.

8.2 Printing

There is a monochrome printer in the registration area if you need to print something.

8.3 Nursing Mothers

If you are a nursing mother who needs to use a Mother's Room while you are onsite for the FOSSASIA summit, please see a FOSSASIA team member at the Registration Desk. We will direct you to a dedicated area.

8.4 Guests with Special Mobility Needs

If you have mobility issues please let us know in advance so that we can be sure to assist you. Drop us an email at office@fossasia.org

8.5 Meeting rooms

A number of meeting rooms are available onsite, for hacking or catching up on work. Check-in at the Registration Desk to reserve a room or get assistance.

8.6 Parking

Free Parking is available at the venue for your convenience. We highly recommend utilizing the Metro or bus, especially during peak hours, to avoid potential traffic congestion.

8.7 Lost and Found

All found items should be turned into the Registration desk during the event. If you have lost something, please check in at the registration to see if your item has been located.

9. Photography and Videography

FOSSASIA appreciates all coverage of the event. Photography, audio recordings, and video recordings are permitted without the prior written consent of FOSSASIA. Photographs, audio, and video will be captured during the Conference. We will be filming the talks and presentations.

9.1 Imaging and Video Consent

By entering FOSSASIA attendees and speakers grant FOSSASIA and its representatives permission to photograph and/or record them at the Conference, and distribute (both now and in the future) the Attendee's image or voice in photographs, videotapes, electronic reproductions, and audiotapes if they are captured.

We kindly ask attendees and speakers who do not wish to be photographed or captured on video to indicate this to the photographers or videographers.

9.2 Conference Group Photo

To capture the wonderful moments of our collective experience, a group photo will be taken on Day 1. Please gather at the main hall. It's a fantastic opportunity to immortalize this event and create lasting memories together. Your enthusiastic participation will make the photo truly special.

10. Social Media

Please share about your participation at the FOSSASIA Summit using the following hashtags: #FOSSASIA #FOSSASIASummit #FOSSASIA2025, connect with FOSSASIA on [Mastodon](#) or [X](#) for more updates. Feel free to use this speaker promo template in [google slide](#) or [canva](#). You can also pick any artwork [here](#)!

11. The Bangkok Experience

11.1 Visa

Many nationalities qualify for visa-free entry to Thailand for up to 30 days, while others may need a Visa on Arrival or a Tourist Visa. To find out the specific visa requirements based on your nationality, visit: <https://www.thaivisa.go.th>

11.2 Accommodation

Bangkok offers a diverse range of accommodation options to suit every budget and preference. For hassle-free travel, choose a hotel near a BTS Skytrain or MRT station. If you'd like to stay close to the event venue, consider the On Nut or Punnawithi areas. For those looking to explore the city's attractions, Sukhumvit, Silom, or Pratunam are highly recommended: speakers.fossasia.org/accommodation

11.3 Transportation

Bangkok offers an extraordinary array of transportation options, catering to every budget, comfort level, and adventure preference.

Trains

This is the recommended way to move around the city.

Bangkok's modern rail network consists of four systems: BTS, MRT, ARL, and SRT. The first three offer modern, air-conditioned comfort with fares between 15-100 Baht. For a nostalgic experience, try the SRT with its vintage charm and remarkably low fares starting at 2 Baht. All routes are easily navigable through Google Maps or Moovit.

The BTS Skytrain stands out as the premier choice for city exploration. Gliding above traffic-clogged streets, it connects major attractions while offering panoramic views of Bangkok's stunning skyline. Many stations accept contactless payment via credit cards (Visa/Mastercard) - look for EMV payment signs before purchasing tickets.

Canal boats

Experience Bangkok's heritage as the "Venice of the East" along the Saen Saeb canal. These efficient vessels offer an authentic, albeit noisy, journey through the city's waterways. From Petchaburi MRT station, they provide direct access to the old town and Grand Palace area for just 12-22 Baht.

River Boats

The Chao Phraya River serves as a vital transportation artery. From the central pier at Saphan Taksin BTS, boats connect major destinations including ICON SIAM, the Grand Palace, and extend northward to Nonthaburi province.

Bicycles

Bangkok's emerging cycling culture offers an intimate way to explore the city, endorsed by Forbes as one of the [best ways to explore Bangkok](#). While dedicated lanes are scarce, cycling transforms routine commutes into sensory adventures, revealing hidden galleries and local eateries. True Digital Park provides secure bicycle parking near Starbucks for private bicycles, and the [Anywheel](#) bike-sharing system offers convenient pickup points throughout central Bangkok with nearby parking stations on the sidewalk near Punnawithi BTS exit 5 and the sidewalk in front of True Digital Park.

Essential Cycling Guidelines:

- Prioritize sidewalk riding on major roads, maintaining slow speeds and pedestrian courtesy
- Navigate through quieter side streets when possible
- Note that trains accommodate only folding bicycles
- Stay well-hydrated in Bangkok's tropical climate

AnyWheel rental fee is 10 Baht / 30 minutes, you can use the code ANYXFOSSASIA for a 20 Baht discount (limited availability). Instructions for using AnyWheel is [here](#) and for using the discount vouchers [here](#).

Buses

The bus network ranges from modern [Thai Smile](#) navy blue vehicles to the iconic red-and-cream fleet from 1991, offering a cyberpunk aesthetic. While economical and extensive, buses are subject to traffic delays. Carry cash for fares.

Tuk Tuk

These three-wheeled vehicles come in two varieties: [Muvmi's](#) app-based prepaid service offers comfortable rides with knowledgeable drivers, while street-hailed versions cater primarily to tourists seeking thrilling city tours (negotiate fares in advance).

Motorbike Taxis and Taxis

Bangkok's notorious traffic (ranked 7th worst globally) can transform a 15-minute journey into a two-hour ordeal. For safe and reliable service, use ride-hailing apps like [Grab](#), [Bolt](#), [Tada](#), [LINE MAN](#), [InDrive](#). While not the cheapest option, Grab is reputed to lead in reliability and offers various vehicle types.

For street hailing, look for motorcycle taxi drivers in orange vests or traditional taxis with rooftop signage. When using standard taxis, always insist on meter usage. Note that motorcycle accidents carry a 3% fatality rate - always wear a helmet and exercise caution.

11.4 Power

In Thailand, power plugs and sockets (outlets) of type A, type B, type C, type F, and type O are used. The standard voltage is 220 V at a frequency of 50 Hz. If your power plug has 3 pins, you might need an adapter as most electrical outlets here do not include a grounding hole. [More details here](#).

11.5 Phone (Sim-card) and Mobile Data

The easiest place to buy a SIM card in Thailand is at the airport. You'll find numerous kiosks selling SIM cards as soon as you exit the baggage claim area in any of Thailand's international airports, including Suvarnabhumi and Don Mueang airports in Bangkok.

If you can't manage to get a SIM card upon arrival, you can buy one at any 7-Eleven store, FamilyMart, or directly at mobile carrier stores in Bangkok. These include AIS, TrueMove H, and DTAC, which are the three largest carriers in Thailand.

A Thai SIM card and prepaid data package should cost you between **200-600 THB (\$6-\$18 USD)**, depending on the duration of your stay and the amount of mobile data you require.

For those seeking convenience, eSIMs are available and can be activated prior to arrival in Thailand. Providers like Airalo offer eSIM plans starting from \$9.90 USD for 10 days with 50 GB of data. This allows travelers to be connected immediately upon landing.

- ☐ It's important to confirm whether the data plan is already included in the SIM price or if you need to top up separately. Make sure to have the staff at the kiosks test the SIM card for you before leaving.
- ☐ Among the three carriers, **AIS** is known for having wide coverage and reliability, especially in Bangkok and major cities, making it a preferred choice for many travelers.

11.6 Food in Bangkok

Thai gastronomy stands as a living testament to the kingdom's cultural crossroads, where centuries of diverse influences have merged to create one of the world's most celebrated cuisines. Each dish tells a story of cultural exchange, local innovation, and culinary artistry.

While Google Maps offers reliable navigation to nearby eateries including keywords for halal and vegetarian, and food courts (keyword [ศูนย์อาหาร](#)) provide quality meals at reasonable prices similar to hawker centers, Bangkok's dining scene extends far beyond these convenient options.

For those seeking exceptional culinary experiences, here are some selected restaurants.
