### **Definitions**

1. **Animal** means any organism of the kingdom animalia and includes an animal's cadaver or the severed parts of an animal's cadaver.<sup>2</sup>

<sup>1</sup> 16 V.S.A. § 912(b) requires each school district to adopt and implement policies regarding a student's right to be excused from participating in any lesson, exercise, or assessment requiring the student to dissect, vivisect, or otherwise harm or destroy an animal as part of a course of instruction.

<sup>2</sup> 16 V.S.A. § 912(c)

<sup>3</sup> 16 V.S.A. § 912(b) requires procedures that provide "timely notification" to students and parents; processes for students to exercise this right.

<sup>4</sup> 16 V.S.A. § 912(b) (1). The law does not provide a definition of "timely notice." Nor does the law require that the processes for students to follow when choosing to opt out of activities covered by the law have specific components. It is likely that annual notice to parents and students through handbooks or course syllabi will be sufficient to comply with the timely notice requirement. The notice should indicate approximately when dissection activities (if any) may take place in specific courses. Processes for students to opt out of activities covered by this policy should indicate how and when a student must notify the course teacher of his or her intention to be excused from an activity.

<sup>5</sup> This provision is a required component of the policy on this subject adopted by the school board. See 16 V.S.A. § 912(b)(2).
