

98 Pizzas

A 3-Act Task

- 1) Watch [the video](#)

Will 98 Pizzas fit in the car?

- 2) Write down a guess that you can back up with logic (not calculation)

- 3) What information do you need to figure this out?

**** See Ms. Shusterman with your requests. If she has the info, she will share it with you, but only if you ask specifically for it!****

- 4) Using the info you have, calculate your answer. SHOW YOUR WORK either on this document or on a separate sheet of paper.

- 5) When you are *truly* ready, [click here](#) for the answer.
6) Do you agree with the answer? Why or why not?

MORE: JUSTIFY YOUR ANSWERS

- 7) How much do you think all that pizza cost?

- 8) How many people would all those pizzas feed?
