Hi Todd,

Have you considered repurposing more of your already existing content into short for YouTube, tiktok and reels for instagram to attract more “scrollers”?

Below I have attached the videos with the style I have in mind.**[LINK TO GOOGLE DRIVE(portfolio)]**

I can make 2 unique and attention grabbing videos every day for you.

This will get your business more attention and promote your wealthbuilder institute.

If you like the idea I can send you a sample from your youtube video.
