Direct Admission Survey 1

Congratulations!

Based on a review of your high school transcript, you are on track to graduate high school! As you begin planning for your future, we want to make sure you know that you are college material and have met the admissions criteria for the many colleges and universities in Minnesota. If you opt to complete an admissions application, you will be directly admitted for Fall 2023 at any of the colleges or universities in this survey:

You have a lot of choices! Please note that you are not obligated to apply to or attend any of these colleges and you may have other options that aren't included on this list. There are a lot of great higher education options to consider in Minnesota (check out myhighered.mn.gov to learn more) and you're encouraged to apply to the colleges that seem like the best fit for you! You also have a couple of next steps:

1. Look through the colleges listed to see which you'd be interested in.
2. Choose which colleges you would like to receive more information from by selecting them from the schools in the survey.
3. Plan to complete your college applications. Please note that there is no charge to request information or to apply for the colleges on this list! You do not need to reapply if you have already applied to any of the colleges on this list. You must complete all of the admissions steps required by the college, by the dates listed on their website, in order to secure your spot.
4. Apply for financial aid by completing your Free Application for Federal Student Aid (FAFSA). Help completing your FAFSA is available at a FAFSA completion event held by Minnesota Goes to College.
5. Make sure you stay on track to graduate by completing all of your senior year classes!

Your future is bright and on behalf of the Minnesota Office of Higher Education, we congratulate you for being on the right track for college in the fall of 2023!

Sincerely,
Dennis W. Olson
Commissioner, Office of Higher Education
