TITLE OF SHOW

YOUR ROLE/JOB

COMMITMENT

It is important for each cast member to understand that this is a two-month commitment. I will do my best to work around school activities, and school conflicts will be understood-*within reason*. **(It is *your responsibility* to balance your time if there are conflicts and work with your coaches and myself to create a fair schedule.)**

If you are given a part in this show, please know that you must communicate clearly with me if you cannot be at rehearsal, and there should be *very few* missed rehearsals. I understand there are extenuating circumstances, and I will be accommodating when they arise. However, you need to take ownership of your role in the show and as part of the cast and make a **commitment** to be at every rehearsal to ensure a successful performance and a positive experience for everyone!

I reserve the right to remove any student from the show who is not taking this commitment seriously or who is causing a lack of productivity at rehearsals.

Please sign below stating that you have read the above information, and understand the commitment involved in participating in this musical.
