

Hall of Science Amateur Radio Club

Take Your Amateur Radio License To the Next Level

Garden School Amateur Radio Club

For interested people with a Technician License

Amateur Radio General Class License Upgrade Training:

- If you have a Technician Class license and you're ready to get onto the worldwide HF bands, it's time to upgrade to General Class!
- This class gives you everything you need to pass the written examination for a General Class amateur radio license. At the end of the class, you'll take the exam – if you pass, you'll leave with your new privileges!
- The General Class exam is similar to the Technician Class exam you already passed – 35 multiple-choice questions taken from a published pool of questions – but the information you need to know is

more technically complex. Even if you got your Tech license on your own, you should let us help you prepare this time.

The **Hall of Science Amateur Radio Club** in conjunction with the **Garden School Amateur Radio Club** will be holding a General License course where you can learn everything you need to earn your General FCC Amateur Radio License.

Depending on the class size it should take 10 classes to complete the course. The General License gives you privileges to contact HF stations all over the world using voice, digital and other modes on a larger number of bands and frequencies.

Class Meeting Schedule

All classes will be held at Garden School (33-16 79th Street, Jackson Heights) and on Zoom starting at 19:00 and should end no later than 20:15.
