

RIMLANDS

Rimlands, which draws inspiration from the eponymous work by Helena Tulve (b. 1972, Estonia), explores fairylands, sounds from centuries past, memories of childhood, and the muddling of the familiar with the foreign. This program spans five centuries of music and promises a deeply involved listening experience designed to delight, entrance, and stretch its audience as it weaves its way between diverse soundscapes.

TRIO PHŌS

Sophiko Simsive, piano
