- Crystal Kirch has great resources for parents and students about flipped instruction
- If you just put the common core standard number into pinterest ideas will come up (some people pin with this)
- iPad apps for recording videos:
 - Knowmia Teach (free) www.knowmia.com
 - Educreations (free)
 - screencast-o-matic
 - Explain Everything (2.99)
 - ShowMe
 - Knowmia
 - Board Cam (free) - works as a document camera
 - For Edmodo users, there is an Edmodo app called Blendspace which is great for flipping because you can create a collection of videos, websites, documents, etc for students to access.
 - VoiceThread com
 - GarageBand
 - WindowsMOvieMaker
- Great idea on breaking longer videos up into smaller segments!! Keep students' attention longer.
