The band did an amazing job at our City's Summer Concert Series (The Draw, Ramsey)! They played a good variety of songs and had great energy throughout the performance. I especially liked the crowd interaction. It kept the audience's attention throughout the duration of the performance.

"We hired Revved UP! to perform at our wedding reception and man did they blow it out of the water. The planning and lead up was all great. Spoke with Tuney - good communication - was super friendly and made booking easy. Took a request of a song they didn't know and learned it for us!!! Day of the setup was great. From the moment they started performing it was awesome. They have a really good stage presence and play some amazing music that spans all over, so everyone was enjoying it. The other singer had the most incredible energy and was walking into the dance floor and connecting with people and got people to join the dance - it was so much fun to watch. They were seriously incredible and SO many of our guests have asked us about them after the reception. AMAZING band. The singing, the playing, all of it. It was phenomenal." — *Alex, Baldwin WI*

"This band is a blast! Initial planning, payments and preparations were made super easy by Sara (Tuney) and all event information was discussed down to the last detail. Each member of the band was extremely friendly, personable and high energy. Members of the band were out in the crowd getting the party guests singing and dancing all night. Their song list was really fun and easy to dance and sing along to. The songs also covered many genres, making it fun for all ages. I couldn't recommend this band more for any event! We will definitely be asking them to come back! — *Mary S, co-owner, Lake Pepin Golf Course*

"Revved UP! Played at our party and did a great job! They were easy to communicate with to get everything set up, friendly, played a great mix of songs that fit our group well, and got everyone on their feet having a great time!! — *Erin S.W., owner of Fuse Fitness, Champlin*
