
Self Reliance: Employment

Last edit: May 2024

Summary

These documents are a resource for Ward Self Reliance Specialists. They are intended to be living documents (the resources can be updated and added to on an ongoing basis).

Many YSA are looking for work at any given time. For some, finding employment is a new experience. These resources can help with any stage of the process - from writing resumes to interviews. A Ward Self Reliance Specialist can help promote these resources in the ward and be a support to the YSA looking for work.
