Larne Elementary School

2024-2025

Vision: *Larne Elementary School is a safe, student-centered environment where individuals are academically and socially supported and encouraged to own their learning opportunities.*

We value:

- *Meaningful experiences to shape student vision*
- *Collective collaboration with staff and students to improve practices*
- *Individual and personally relevant learning opportunities*
- *Physically and emotionally safe environment*

We believe:

- *The purpose of school is to provide meaningful experiences where students acquire knowledge and skills to successfully explore challenges of today and tomorrow.*
- *The responsibility of school leaders is to provide the vision, time, resources, and collaborative environments to promote continuous improvement.*
- *The focus of educators is to design engaging, meaningful, personalized work for all students to ensure they reach their highest potential.*
- *The role of the school leaders, educators, parents, students, and community is to foster meaningful relationships and to create a safe and supportive environment for all.*

Dear Larne families,

Welcome to Larne Elementary School!

It is hard to believe we are entering our sixteenth year at Larne! For those of you new to Larne, we are so happy to have you here! If you are a returning family, welcome back!

Please take some time to read the following school handbook with your child. It is important for every child and their parents to be aware of our procedures and guidelines, which enable us to work together to create a safe environment. We want your child to have the opportunity for a successful year. By combining our efforts, this will be an exciting time for learning and growth for your child.

At Larne, our goal is to know each of our students and individually challenge them to grow socially, intellectually, and academically in order for them to become independent thinkers and problem solvers. We support an environment of good character by modeling expectations and providing positive support for students so they may make good choices and decisions, resulting in healthy and successful outcomes. We also strive to instill in our students a sense of personal pride, as well as team work and love of, and for, our school family. Student conferencing and individual goal setting will continue to be a focus at Larne. Character education along with positive behavioral support practices and mentoring will round out our personalized instructional practices.

Welcome to what is sure to be a fantastic year for each and every one of our students!

*Vic Stine, Ed.D.
Principal*

ARRIVAL AND DISMISSAL PROCEDURES

Our building does not open until 7:00. Please do not drop students off students prior to that time. Adults will not be at duty posts to receive them and maintain safety before 7:00. Parents are asked to remain in their cars while unloading students in the morning. In an effort to keep the flow of traffic moving as quickly as possible, please make sure your child is prepared to exit the car upon arrival. While staff are available to assist with unloading, we encourage students who are able to safely exit independently to do so upon arrival as well. Please do not use the front office entrance for student drop off. Parents dropping off students late or tardy should escort the student in to the main office for check-in.

Student drop-off/pick-up for car riders will be in the car loop on the primary (PreK- K) or elementary (1-5) side of our building. If you have children attending both sides, please drop-off/pick-up on the primary side of the building. The bus loop is for buses and authorized vehicles only. Children are not permitted to be dropped off/picked up in the bus loop.

Teachers and staff members will be on duty each morning at 7:00, and each afternoon until 2:35 to supervise students. Please follow their directions so that we will have a safe and orderly drop-off/pick-up process. When dropping children off in the mornings, we ask that you pull all the way up as far as possible in the designated drop off area. Students should be ready to exit the car upon arrival on the side closest to the sidewalk. **Please do not pass vehicles in the car rider line.**

For dismissal, please remain in your car and wait for your child. Please place your vehicle name tag (issued by the school) with the name(s) of your child(ren) written on it on the dashboard of your car. Car tags should remain displayed until the child is placed in the vehicle. We ask that you do not get out of your vehicle to load your child and we want to avoid loading on the driver's side of the vehicle. This jeopardizes the safety of you and your child as the car traffic is heavy at dismissal. If your child **requires** car seat assistance, please move forward to a non-loading zone. We will dismiss and load cars in a safe and orderly manner as quickly as possible.

Thank you for helping to make the drop-off/pick-up process as safe and efficient as possible. If you have any questions, please feel free to call the school. Please note that our crossing guards are staffed by the transportation department. For inquiries specifically related to traffic guards, please contact the Director of Transportation at 803-810-8190.

ATTENDANCE

Bell Schedule

7:00 a.m.	Doors open
7:30 a.m.	Instruction begins
2:15 p.m.	Dismissal

School attendance and prompt arrival are the primary responsibility of the parent/guardian and student. Any activities that interfere with our goal to provide quality education are strongly discouraged. Therefore, it is very important for parents to understand that CSD will address excessive absences and tardies assertively. The SC Compulsory Attendance law remains the same and is clear on the definition of truancy and possible consequences for unlawful absences.

Students in Prekindergarten will be allowed 10 tardies and 10 absences. **Having more than 10 unexcused absences in a Prekindergarten class could result in your child being removed from the program.** If you have any questions, please contact the District Office at 803-810-8100.

The instructional day begins promptly at 7:30 a.m. Our expectation is for children to be in their classrooms at this time and ready to remain at school all day. Children should not be absent from school unless it is absolutely necessary. **Trips and family vacations are not excused absences.** Please make note of student holidays and arrange vacations to coincide. Work missed should be made up within days of returning to school. Please do not ask teachers to provide work in advance of a trip.

Students with perfect attendance will be recognized at the end of the school year. To receive perfect attendance recognition, a student must be present for 180 school days. In order for a student to be counted present, he/she must be at school until 10:50 a.m. or dismissed after 10:50 a.m. Any student who misses school must present a written excuse signed by a parent/guardian or a medical statement from a physician. If this excuse is not turned in within three (3) days, the absence will be recorded as unlawful/unexcused. Additional days will only be excused with medical statements from a physician. Please email any student excuse to LESAttendance@clover.k12.sc.us

School principals must approve or disapprove any student's absence in excess of 10 days, whether lawful or unlawful, or a combination thereof. Students with absences in excess of 10 days are subject to grade failure and/or referral to family court for truancy. **Please see the Clover School District Attendance Policy.**

CLOVER SCHOOL DISTRICT ATTENDANCE POLICY

The board believes that attendance is a key factor in student achievement. Any absence from school represents an educational loss to the student. However, the board recognizes that some absences are unavoidable.

A student in elementary school must be in attendance at least one-half of the day (**10:50**) to be counted as “present.” If students in grades K through eight go beyond 10 days of absences, the principal will make the decision on the student’s promotion or retention based on the student’s academic achievement, attendance history and any other pertinent student records.

***Note: Students are allowed only 10 absences whether excused or unexcused.**

Any student in grades K through 12 who misses school must present a written excuse, signed by his/her parent/legal guardian. The excuse will contain information as directed by the administration. The school administration will keep all excuses confidential. If you send an email for attendance, please send it to LESAttendance@clover.k12.sc.us

If a student fails to bring a valid excuse to school, he/she will automatically receive an unlawful absence.

The district will consider students lawfully absent under the following circumstances:

- They are ill and their attendance in school would endanger their health or health of others.
- There is a death or serious illness in their immediate family.
- There is a recognized religious holiday of their faith.
- Prearranged absences for other reasons and/or extreme hardships are at the discretion of the principal. Principal approval for prearranged absences will take into account the number of other lawful or unlawful absences on the student’s record for that school year as well as the reason for the impending absence.
- Principal approval for prearranged absences will take into account the number of other lawful or unlawful absences on the student’s record for that school year as well as the reason for the impending absence.
- A child in foster care who must be absent due to a certified court appearance or related court ordered activity including, but not limited to, court ordered treatment services.

The district will consider students unlawfully absent under the following circumstances:

- They are willfully absent from school without the knowledge of their parent/legal guardian (ex. skipping school).
- They are absent without acceptable cause with the knowledge of their parent/legal guardian (ex. oversleeping, missing the bus, vacation).

If a student accrues three unlawful absences in a row or five total unlawful absences within a school year, the student is considered truant and the school will initiate an attendance intervention plan to determine the reason for the absences and solutions to improve attendance. If attendance is not improved, the parent/legal guardian may face court intervention and a referral to the Department of Social Services.

Suspension is not to be counted as an unlawful absence for truancy purposes.

The district will be responsible for implementing and expediting medical homebound instruction for students experiencing a prolonged illness or injury requiring them to be absent from school.

ATTENDING SIBLING’S SCHOOL FUNCTIONS

Students are not allowed to be dismissed from their class to attend a sibling’s school function. If a student is dismissed early from school, they must leave the campus.

BIBLICAL RELEASED TIME (BRT)

Students in grades 3-5 whose parents approve, may participate in Biblical Released Study Time. This project is sponsored by local churches. Students will miss one special area class per week in art, music, library or technology to attend BRT.

Students who wish to participate must be enrolled by the last day of the first nine weeks. Only students who are new to the school may enroll after this time. If a student withdraws from the program during the school year, he/she is not permitted to re-enroll. For more information, or if you have additional questions, please contact Donesse Owens at 704-616-2607 or donesseowens@gmail.com.

BOOK BAGS

Rolling book bags are not permitted in the school without a doctor’s order.

BULLYING, HARASSMENT, OR INTIMIDATION

Bullying is defined as unwanted, repeated, intentional, hurtful behavior that usually involves an imbalance of power. Bullying will not be tolerated. Students who feel they are being bullied at school should notify an adult at Larne immediately. Our school counselor interviews students who feel bullied to distinguish between isolated insensitive misbehavior and repeated bullying. Harassment, intimidation, or bullying can be a gesture, electronic communication, or a written, verbal, physical, or sexual act that harms a student physically or emotionally, or insults or demeans a student or group of students causing disruption to the operation of the school. Bullying occurs when one or more students single out another student and deliberately engage in behaviors intended to cause harm. Bullies target victims repeatedly over a period of time. Physical harm, emotional distress, social embarrassment, fear and/or humiliation are results of harassment, intimidation, or bullying behavior. Bullying or harassment that occurs online is called Cyberbullying. This can take place in an email, a text message, Instant Messaging, online game, or on social networking sites.

The Clover School District does not allow acts of harassment, intimidation, or bullying of a student by students, staff, or third parties that interfere with or disrupt a student's ability to learn and the school's responsibility to educate its students in a safe and orderly environment whether in a classroom, on school premises, on a school bus or other school-related vehicle, or at a school-sponsored event or activity whether or not it is held on school premises or at another program or function where the school is responsible for the student, such as a field trip.

Larne Elementary school is committed to developing as a Leader in Me school. Our staff is united in the belief that all students should feel safe at school. As a Leader in Me school our focus will be on developing student agency with competencies such as teamwork, responsibility, collaboration, goal setting, and leadership. These skills will be integrated into the academic curriculum and the culture of the school giving the students a great foundation for future relationships.

*"Discipline is helping a child solve a problem.
Punishment is making a child suffer for having a
problem. To raise problem solvers, focus on
solutions not retribution."*

- L.R. Knost

CAFETERIA

Our school lunch program is managed by Chartwells Schools Dining Services and operates in compliance with federal food service guidelines. Cafeteria employees are allotted based on the number of school lunches served daily. Breakfast and lunch are served each day school is in session. Breakfast and lunch payments may be made via check or cash to the cafeteria. Parents may also use the link <https://paypams.com/HomePage.aspx> to pay online. Accounts should be kept in good standing at all times. **An account with a negative balance will prohibit a student from being able to charge additional meals. In these instances, a standard courtesy meal (free of charge) will be provided.** Ms. Anna Wilder is the cafeteria manager and may be reached at 803-810-8669. Full and reduced breakfast and lunch prices are included below.

Breakfast Prices – Please note that students must arrive before 7:25 to receive breakfast.

- Full Price Breakfast: \$1.60
- Reduced Breakfast: .30

Lunch Prices

- Full Price Lunch: \$2.40
- Reduced Lunch: .40

The school district will not provide snacks for PK and K this year, so please pack a snack for your child.

Cafeteria Procedures

- Students are asked to use a minimum of half of the lunch period to eat their meals. These times are denoted using non-verbal cues including, but not limited to hand signals, clap patterns, or verbal cues, etc.
- Students are encouraged to use the restroom before or after lunch. However, if a student needs to use the restroom during the lunch period, he/she should notify and/or be escorted by a faculty/staff member.
- **Parents must sign up with Sign-up Genius to reserve a time to eat with your child, Thank you in advance for your cooperation and understanding.**

- o All school guests are required to check-in at the main office and show a state-issued picture I.D. to receive a visitor's sticker. These stickers must be worn and visible throughout the duration of the visit.
- o Parents/Guests are asked to remain in the designated visitation areas during school visits.
- o All parents that drop off lunch for students must check in at the main office and take the lunch to the cafeteria.
- o Lunch visitors should remain in the cafeteria and are not permitted to interrupt instructional time, visit classrooms, playgrounds, or bus loops.
- o All guests are required to be listed on the emergency pick up card.

CHANGE OF ADDRESS

The office must have a parent's current mailing address, telephone number(s), and email address at all times. This is particularly important in case of any emergency. Please notify the school immediately when changing an address, telephone number(s) or place of employment. When changing an address, two proofs of residency are required within 30 days and before bus transportation can be changed.

CLOSING SCHOOL

At times, weather conditions require us to close the school. If this occurs, announcements will be made via television, radio, phone, Blackboard, Facebook, Instagram, and the CSD app. Additionally, the Clover School District website will keep current information about early dismissals and/or closings. You will receive a call from CSD to inform you of closings and/or delays. Please make sure the office has your correct telephone number so you will receive our calls. **Please do not call the school to inquire about inclement weather closings.**

CO-CURRICULAR AND EXTRA-CURRICULAR ACTIVITIES

Co-Curricular activities are special area classes attended during the school day to prepare for a special event. An example is an art class.

Extra-Curricular activities are conducted before and after regular school hours (7:35-2:15). Examples of extra-curricular clubs are Chorus, Building & Engineering Club, Book Club, and Girls on the Run. These clubs generally meet from 7:05-7:30 a.m. or 2:30-3:30 p.m.

CUSTODIAL RIGHTS

School administration will follow custodial and visitation procedures as dictated by the legal documentation on record at the school site. In the instance where there is a court order of joint custody, either parent has a right to visit the child at school (subject to the guidelines above), and either parent has a right to pick up or remove a child from school. In the instance where one parent is the custodial parent and one is the non-custodial parent, the school will follow the court issued custody agreement as outlined. The school will release a child to a noncustodial parent only if there is a permission form for doing so signed by the custodial parent on file at the school office. Larne will retain a copy of the court order in the student's permanent record. Parents are advised that subsequent orders need to be given to school officials upon receipt.

DIRECTORY INFORMATION

Schools will treat each student's education records as confidential and primarily for school use. The exception to this rule is for **directory information**. The school and/or school district may disclose directory information without first obtaining written parental permission. Directory information includes name, address, telephone number, parents' names, date/place of birth, participation in officially recognized activities and sports, weight/height of members of athletic teams, photographs, dates of attendance, diploma or certificate and awards received and the most previous educational agency or institution attended. The school and/or school district will not release directory information to any person or agency for commercial use. The district expects its employees to use good judgment in releasing directory information so it serves the best interests of students. **This handbook will serve as the official annual notification of privacy rights.**

Within **15 days** of receipt of this handbook, parents have the right to refuse permission of the designation of any or all of the categories of personally identifiable information as directory information. **The parent's refusal must be submitted in writing.** This written notification will become part of the student's education record. The principal is responsible for notifying appropriate personnel of this request, filing the request in the student's permanent folder and marking the folder accordingly

Classroom Management & Discipline

POSITIVE BEHAVIORAL INTERVENTIONS SUPPORT (PBIS) - Larne Elementary will utilize prevention and evidence-based Intervention practices to support and improve the academic, social, emotional, and behavioral skills of our students. We have established and will implement our behavioral framework including three expectations and a desired behavior matrix specific to the areas of the building. The three expectations modeled and displayed at Larne are:

Be Responsible! Be Respectful! Be Ready!

We believe students should conduct themselves properly at all times and should be responsible for their actions. All students are expected to follow the procedures set forth in the classroom. Any time a student is referred to the office, parents will be notified by phone or in person. **Please note: Student consequences will only be discussed with the student's parent or guardian. The school is not at liberty to discuss disciplinary actions involving other students.**

Clover School District has a **zero tolerance** policy for violence. Threats against others will result in serious consequences. **Remarks such as "I'm going to get you; I'll kill you; I'll beat you up," are all threats and will be taken seriously.** Please discuss other ways to handle anger and/or frustration with your child. If threatening remarks result in either a real or perceived danger by the victim(s), the perpetrator could be suspended from school and required to attend an evidentiary hearing. **ALL** threats will be fully investigated, regardless of the grade level. Please be advised that **both** perceived and actual threats will result in disciplinary actions.

All Larne Elementary School students are expected to comply with the district's policies and procedures regarding student discipline.

Level 1 - disorderly conduct

Disorderly conduct includes any activity in which a student engages that tends to impede orderly classroom procedures or instructional activities, orderly operation of the school, or the frequency or seriousness of which disturb the classroom or school.

Acts of disorderly conduct may include, but are not limited to, the following:

- classroom/school tardiness
- cheating on examinations or classroom assignments
- acts of dishonesty
- abusive language between or among students
- failure to comply with directives from school/district personnel or agents (to include volunteer aids or chaperones)
- use of forged notes or excuses
- cutting class
- truancy (three consecutive unlawful absences from school or a total of five unlawful absences)
- possession of an electronic communications device in conflict with district policy
- disorderly conduct on a school bus
- an accumulation of the above
- other disorderly acts as determined by the administration

The staff will follow these enforcement procedures in instances of disorderly conduct and will maintain a complete record of the procedures. The administration/staff may apply sanctions in cases of disorderly conduct, which may include, but are not limited to, the following:

- verbal reprimand
- withdrawal of privileges
- detention during lunch or after school
- other sanctions as approved by the board
- for acts of disorderly conduct on a school bus refer to policy JCDAD

Level II - disruptive conduct

Disruptive conduct includes those activities in which students engage that are directed against persons or property and the consequences of which tend to endanger the health or safety of themselves or others in the school. Some instances of disruptive conduct may overlap certain criminal offenses, justifying both administrative sanctions and court proceedings.

The administration may reclassify disorderly conduct (Level I) as disruptive conduct (Level II) if the student engages in the activity three or more times.

Acts of disruptive conduct may include, but are not limited to, the following:

- violation of a Level 1 intervention plan and/or behavioral contract
- use of an intoxicant
- fighting
- harassment, intimidation or bullying
- vandalism (minor)

- stealing
- threats against others
- trespassing
- abusive language to staff
- refusal to obey school personnel or agents (such as volunteer aides or chaperones) whose responsibilities include supervision of students
- possession or use of unauthorized substances, as defined by law or local school board policy
- illegally occupying or blocking school property in any way with the intent to deprive others of its use
- unlawful assembly
- disrupting lawful assembly
- hazing
- any other acts as determined by the board
- inappropriate use of electronic devices (e.g., bullying harassing, or intimidating other students or district employees; plagiarizing copyrighted materials; and accessing inappropriate websites)
- Other acts as determined and communicated by the administration

All Larne Elementary School students are expected to comply with the district's policies and procedures regarding student discipline.

The administration may apply sanctions in cases of disruptive conduct which may include, but are not limited to, the following:

- temporary removal from class
- alternative education program
- in-school suspension
- out-of-school suspension
- transfer
- referral to outside agency
- for use of intoxicants and possession or use of unauthorized substances, refer to policy JICH
- expulsion
- restitution of property and damages, where appropriate, should be sought by local school authorities
- other sanctions as approved by the board
- Other consequences as communicated by the administration

Level III - criminal conduct

Criminal conduct includes those activities in which students engage that result in violence to themselves or to another's person or property or which pose a direct and serious threat to the safety of themselves or others in the school. These activities usually require administrative actions which result in the immediate removal of the student from the school, the intervention of law enforcement authorities, and/or action by the board.

Acts of criminal conduct may include, but are not limited to, the following:

- assault and battery
- extortion
- threat of the use of a destructive device (bomb, grenade, pipe bomb, or similar device)
- possession, use or transfer of dangerous weapons
- sexual offenses
- vandalism (major)
- theft, possession or sale of stolen property
- arson
- furnishing or selling unauthorized substances, as defined by board policy
- furnishing, selling or possession of controlled substances (drugs, narcotics or poisons)
- Illegal use of technology (e.g., communicating a threat of a destructive device, weapon, or event with the intent of intimidating, threatening, or interfering with activities; maliciously transmitting sexual images of minors, other than images of the student or images transmitted with the uncoerced consent of the individual in the images)
- threatening to take the life of or inflict bodily harm upon a teacher, principal or members of their immediate family

When an administrator observes or is notified of and has verified a criminal offense, the administrator must contact the school resource officer or local law enforcement authorities immediately. An administrator will notify the student's parent/legal guardian as soon as possible.

An administrator will impose the appropriate disciplinary action. If warranted, the administrator should immediately remove the student from the school environment.

- If warranted, the administrator should immediately remove the student from the school environment. The administrator will notify a parent/legal guardian as soon as possible.

- If appropriate, school officials should contact law enforcement authorities.
- Staff will follow established due process procedures when applicable.

The administration may apply sanctions in cases of criminal conduct, which may include, but are not limited to, the following:

- out-of-school suspension
- assignment to alternative schools
- expulsion
- restitution of property and damages, where appropriate, should be sought by local school authorities
- other sanctions as approved by the board

Extenuating, mitigating or aggravating circumstances

The board may give the appropriate administrator the authority to consider extenuating, mitigating or aggravating circumstances, which may exist in a particular case of misconduct, excluding criminal conduct. The administrator should consider such circumstances in determining the most appropriate sanction.

Discipline of disabled students

Disciplinary process

Disabled students are not exempt from school disciplinary processes, nor are they entitled to remain in a particular educational program when their conduct substantially impairs the education of other children in the program. However, federal and state laws and regulations require the public schools to meet the individual educational needs of disabled children to the extent possible.

Program prescriptions

A disabled student's staffing committee may prescribe or prohibit specified disciplinary measures for an individual student by including appropriate provisions in the student's Individual Education Plan (IEP). The committee must take into consideration the student's disabling condition when deciding whether or not staff may use a particular form of discipline. Administrative authorities should observe any such provisions contained in a disabled student's individual education plan, except that a staffing committee may not prohibit the initiation of proceedings for suspension or expulsion, which are conducted in accordance with regulation.

Suspensions

The administration may suspend a disabled student unless a suspension is prohibited by the student's individual education plan. At the end of the suspension, the school should return the student to the same educational placement, if appropriate. The school may suspend a student for not more than 10 consecutive school days, and for additional removals of not more than 10 consecutive school days in that same school year for separate incidents of misconduct (as long as those removals do not constitute a change in placement under the law). Prior to a single suspension for over 10 consecutive days, or a cumulative suspension for more than 10 days that constitutes a pattern of removal, a multi-disciplinary team will meet to determine whether there is a direct or causal relationship between the misconduct and the student's disability. If no relationship is determined to exist, the administration may proceed with standard procedures for handling the misconduct. If it is determined that the misconduct is a manifestation of the student's disability, the student's IEP will be reviewed and revised to address the student's difficulties. However, students who bring weapons to school or a school function or knowingly possess or use illegal drugs or solicit the sale of controlled substances or have inflicted serious bodily injury upon another person while at school or a school function may be removed for up to 45 days at a time. If school officials believe that a child with a disability is substantially likely to injure self or others in the child's regular placement, they may ask an impartial hearing officer to order that the child be removed to an interim alternative educational setting for a period up to 45 days.

Expulsions

Expulsion of a disabled student is equivalent to a change in educational placement and therefore requires special procedures. Before a disabled student may be expelled, a multi-disciplinary team must determine whether or not there is a connection or causal relationship between the disabling condition and the misconduct. If so, then expulsion resulting in cessation of educational services for the student would be unallowable.

The district will continue to provide a free and appropriate education as set forth in a student's IEP to expelled students with disabilities.

Immediate removal

Nothing contained in this administrative rule will be construed as limiting an administrator's ability to remove a disabled student from school immediately under emergency conditions.

DRESS CODE

Parents/guardians are responsible for assuring that individual students dress in an appropriate manner at all times while students are on campus or involved in school activities. Larne administration will determine the appropriateness of student attire in accordance with school board policy. **Reminder: Note the day your child has PE class. Remember appropriate clothing and shoes for PE -no flip-flops on PE days or on Field Day.**

- No excessively short skirts, dresses, or shorts. To determine if skirts, shorts, and dresses are too short, they should be no shorter than 3" from the knee to the bottom of the hem. Use the fingertip rule as a guide. Standing straight with shoulders back, extending your arm to ensure the hem of the garment meets the fingertips is known as the "fingertip" rule.
- Hats and other headgear may not be worn inside the school building unless it is a designated Spirit Day.
- Pants are to be worn at the waist. Belts are helpful in keeping pants at waist level.
- No halter tops, spaghetti straps, midriff, low-cut, or see-through tops. Tank tops, worn by girls only, must be three finger width on the shoulder to cover any undergarment.
- No t-shirts with obscene language, pictures, or drugs/alcohol. Slogans on shirts should be in good taste and promote good character and citizenship.
- Clothing with excessive holes in them intended to expose underclothing or skin in areas already described as prohibited, are not allowed.
- Hair colors of unnatural hues (pink, green, blue, etc.) are discouraged. If hair becomes a distraction, administration will contact parents for further action.
- No heelies.

Parents will be asked to come to school and provide appropriate clothing if attire does not follow the stated guidelines or is inappropriate for the school environment. If a parent/guardian cannot be reached, students will be provided with alternative clothing.

EARLY DISMISSALS/LATE PICK-UP

Parents should make every effort to minimize the number of times that students leave school before the dismissal bell rings. Students who leave school early miss instruction, reviews, end of the day announcements and assignments. It also disrupts the classroom when teachers have to stop teaching class in order to dismiss students early.

If it is necessary for a student to be dismissed early, only those listed on the child's emergency card will be allowed to sign him/her out. A state issued picture identification card must be shown. The student will be called from his/her classroom once the parent has arrived on campus. **Students are not dismissed early after 1:45 p.m.**

In the event of an emergency, and you are not able to pick your child up on time, please notify the office. Upon arriving on campus, please enter the office, provide an appropriate state issued picture identification card, and sign your child out.

EMERGENCY DRILLS

Every precaution is taken to ensure the safety of your child during normal school hours. Monthly safety drills are executed to make certain that students learn proper safety procedures and adhere to all safety guidelines.

FIELD TRIPS

Field trips are planned throughout the year for instructional purposes and with academic objectives in mind. Only designated chaperones are allowed to accompany classes on field trips. **Students must use district transportation both to and from the designated field trip site. Students are not allowed to be dismissed from the field trip site unless there is an emergency.** All students will participate in field trips unless a parent or guardian has signed a waiver. If parents opt students out of participation in a field trip, the student will remain at school during this time in another classroom. If select classes are off campus, the student will stay at school in another class on the same grade level. If the entire grade level is off campus, the student will go to a class on another grade level that is most commensurate with the child's academic ability.

Instructional planning and classroom activities will be provided in order to assist students to prepare for the learning experience. This will include expectations for bus behavior and behavior at the field trip site. Activities are to be planned and implemented following the trip as follow-up to show what students learned.

Larne Elementary School is authorized by the Clover School District Board of Trustees to establish rules and regulations for the administration of medication by the classroom teacher to students while on a field trip. Medications will not be given without written permission from the parent/guardian and the prescribing physician. Appropriate forms for dispensing medications need to be filed with our school nurse.

FIRST AID AND MEDICATION

All prescription medications need written permission from the physician and parent/guardian. Medications must have the pharmacy label attached and be in original containers.

All over-the-counter medications must be provided by the parent/guardian in original containers and require written permission from the parent/guardian. The school only provides Vaseline, Caladryl, Visine, Orajel and anti-fungal cream; permission for this is obtained at registration. Students may keep Chapstick with them and cough drops in the classroom with a parent note. No medications can be transported on the bus.

Students with a temperature greater than 100, must remain home until fever free for 24 hours without taking fever reducing medication.

Most illnesses and injuries at school are not an emergency and can be resolved without medications. We are dedicated to meeting your child's needs in a safe manner. If you have any questions, please contact our school nurse, Mrs. Cheri Flanagan at 803-810-8600.

The needs of students who require medication during school hours will be met in a safe and prudent manner. Students are not allowed to bring prescribed medications or over-the-counter medicine to school except as directed below.

Prescription medication

All the prescription medications with the exceptions of life-sustaining medications (inhalers, insulin, and Epi pens), must be administered through the health room by authorized school personnel. The parent/legal guardian must submit a written authorization with the following:

- student's full name
- healthcare provider's name
- written authorization from the healthcare provider (letter from the healthcare provider or healthcare provider's signature on school-provided form)
- start/stop date for assisting student with medication
- name and purpose of the medication
- dosage
- time to be administered

Schedule II (controlled substances) will be given by authorized school personnel. The parent/legal guardian must submit a written authorization with the following:

1. student's full name
2. healthcare provider's name
3. written authorization from the healthcare provider (letter from the healthcare provider or healthcare provider's signature on school-provided form)
4. start/stop date for assisting student with medication
5. name and purpose of the medication
6. dosage
7. time to be administered

Pre-K through Grade Five

All over-the-counter medicines will be administered to students at school by authorized school personnel if necessary. The parent/legal guardian must submit a written request to the school office. A written permission request must contain the following:

1. student's full name
2. start/stop date for assisting student with medicine
3. name and purpose of the medicine
4. dosage and time to be administered

General Guidelines for all Medications

All medications must be in the original prescribed or purchased container. The parent is responsible for ensuring the appropriate dosage for all medication arrives at school. The student must bring a request slip for each new or different medication or over-the-counter medicine. The parent/legal guardian will assume responsibility for informing the school of any change in medication. One permission form per year will suffice for medications that will be given on a long-term basis or those medications administered in cases of exposure to allergens, for example, Epi Pen for bee stings. The school retains the discretion to reject requests for giving or assisting with medication or over-the-counter medicine at school. The school will not be responsible for any adverse drug reactions.

The parent/legal guardian will reclaim any unused medication or over-the-counter medicine by 10:30 a.m. on the last day of school. The school will destroy any unused medication or over-the-counter medicine after this time.

Individual Healthcare Plan (IHP)

Students, at all grade levels, with special healthcare needs may be authorized to self-monitor and self-administer medication as prescribed by the student's healthcare provider with written authorization from the parent/legal guardian. The healthcare provider must provide a written statement verifying the student has a medical condition and has been instructed and demonstrate appropriate use.

We will work with the parent/legal guardian to develop an IHP that will provide for the safety of the student and others. The IHP will contain components as required by the state department of education and will be developed with input and approval from the following:

- student's healthcare provider who prescribed the medication/self-monitoring device
- parent/legal guardian
- student, if appropriate
- school nurse, principal or his/her designee

Receipt of the aforementioned will authorize a student to possess and administer medication within the classroom or on school grounds, at school-sponsored activities, in transit to and from school or school-sponsored activities or before or after school activities on school property.

The parent/legal guardian will sign a statement acknowledging the district will incur no liability as a result of any injury arising from taking or using medications or self-monitoring devices by the student and that the parent/legal guardian will indemnify and hold harmless the district and its employees and agents against any claims arising out of the self-monitoring or self-administration of medication by the student.

The district may revoke a student's permission to self-monitor/self-administer medication if the student endangers him/herself or endangers others through the misuse of the self-monitoring device or misuse of the medication.

GIFTED AND TALENTED PROGRAM

The Clover School District strives to meet the educational needs of all students. In doing so, the district has established gifted programs that respond to the unique characteristics of these learners. The guidelines and screening procedures for these programs are consistent with the regulations provided by the South Carolina Department of Education.

The academic program (GT) includes students in grades 3-8 who meet the program's requirements. The artistic program (ST-ARTS) includes students in grades 6-8. Brochures, including detailed information regarding gifted and talented programs are provided to all students and parents in grades 2-8 at the beginning of each school year. For additional information, contact the GT Coordinator at 803-810-8000.

HOMEWORK GUIDELINES

1. Homework should be given only after a skill has been introduced and taught.
2. Homework assignments should be stated clearly.
3. Homework should be checked for completion. Failure to complete homework assignments could possibly lower a child's grade.
4. The following guidelines are appropriate amounts of time to be spent on daily assignments:
Kindergarten - 5-10 minutes
1st Grade - 20 minutes
2nd Grade - 30 minutes
3rd Grade - 40 minutes
4th Grade - 50 minutes
5th Grade - 50 minutes

5. Please notify your child's teacher if homework is taking more than 1 hour.

INSTRUCTIONAL INFORMATION

We value instructional time from 7:30-2:15. Classrooms will not be interrupted for the following reasons:

- To deliver dropped off items throughout the day. Items dropped off after instruction begins will be placed in the teacher's boxes. Please understand that teachers may or may not retrieve items prior to the end of the day. Ultimately, it is the child's responsibility to be prepared for school each day.
- To hold unscheduled parent/teacher conferences.
- To sign out a sibling to attend a Larne school event.

PRE-KINDERGARTEN GRADING SYSTEM (3 TIMES PER YEAR – OCTOBER, FEBRUARY, & MAY)

M=Mastered

IN=Improvement Needed

ND=Not Demonstrated

KINDERGARTEN GRADING SYSTEM

S=Satisfactory

P=Progressing

N=Not Demonstrated

1ST GRADE GRADING SYSTEM & 2ND GRADE SCIENCE AND SOCIAL STUDIES

1 – Beginning

2 – Developing

3 – Meeting

4 – Excels

2ND – 5TH GRADE GRADING SYSTEM (2ND GRADE ELA/MATH)

A = 90-100

B = 80-89

C = 70-79

D = 60-69

F = 59 and Below

Larne's retake policy applies only to major tests/projects.

Students who receive 70% or below on a **major test/project** can retake or resubmit for a maximum of 80%.

The student will have three days to make up from the time they received the grade. It is the student's responsibility to request a retake.

RELATED ARTS (Art, Music, & Health/PE)

E=Excellent

S=Satisfactory

N=Needs Improvement

LOST AND FOUND

Each year, there are large quantities of clothing and other items left unclaimed at school and on buses. We suggest that you **label** your child's clothing, books, shoes, lunch boxes and other personal belongings. Unclaimed clothing will be given to a local charity at the end of each nine weeks. Parents should encourage children not to wear valuable items to school, especially on physical education days when they must be removed. The school will not be responsible for lost items.

i-READY

i-Ready Diagnostic and Instruction provides our students with an innovative diagnostic assessment and then provides individualized instruction based on unique student needs. I-Ready Diagnostic and Instruction assesses and teaches the following skills:

READING

Phonological Awareness
Phonics
High Frequency Words
Vocabulary
Comprehension

MATH

Number and Operation
Algebra
Measurement and Data
Geometry

MEDIA CENTER

Students are encouraged to check out books from the media center on a weekly basis. The media specialist also works along with our classroom teachers to encourage student participation in Accelerated Reader (AR), Read for the Record, Battle of the Books, etc. Mrs. Collar Bell-Graves is the media specialist for PK-5.

PARENT TEACHER ORGANIZATION (PTO)

Parent involvement is an integral part of the PTO. It takes a team of parents and teachers working together to make Larne Elementary the best school in South Carolina. We welcome parent participation, contributing the resource of your choice, to our school fundraising efforts. The PTO Board meets as needed; General PTO meetings are held throughout the school year with ample notice. Consider joining the PTO alongside fellow Larne families and help our school soar to new heights. Please contact the school if you are interested in joining our PTO.

PARTIES

Please note that this information could change based on current health and safety restrictions. Thank you in advance for your cooperation and understanding.

Individual classrooms will have two (2) celebrations during the school year. Times will be announced. Celebrations will be before winter break and on Valentine's Day.

Please note that we are trying to encourage healthy habits, so you may wish to choose from the list below. **If edible items are donated, they must be store bought with the food label attached, and approved by the teacher and a school nurse to ensure compliance with possible classroom food allergies and restrictions. Due to the severity of food allergies, some classes may have additional restrictions.** Please contact the school nurse if you have additional questions/concerns, or for assistance with reviewing food labels.

Birthday Celebrations

Because every minute of instruction matters, please notice our policy for birthdays. Parents may bring store bought cupcakes or cookies to recognize birthdays. Parents must schedule day/time and make arrangements with the teacher prior to the birthday recognition. The recognition will take place during snack time or lunch. Please make sure all snacks are store bought and not homemade due to severe food allergies.

Recommended Healthy Snacks

Water, applesauce, fruit cups, pudding cups, Jell-O cups, popsicle from 100% fruit juice, fresh fruit, raw vegetables, rice cakes, popcorn, pretzels, goldfish crackers, baked tortilla chips, granola bars, yogurt, cheese cubes, string cheese, etc.

Invitations

Instructional time cannot be interrupted to pass out party invitations. Invitations can be passed out before school or during recess. As a courtesy, please try to include all students in the homeroom class.

POSSESSION OF PERSONAL ELECTRONIC DEVICES IN SCHOOL

For purposes of this policy, a personal electronic device includes, but is not limited to: cell phones, smart watches, tablets, gaming devices, or other devices that emit an audible signal, vibrate, display a message, display or record an image, or otherwise summon or deliver a communication to the possessor. **Students, parents/legal guardians, teachers and staff members should be aware that the district may take disciplinary action against students consistent with CSD School Board policy JICDA/JICDA-R regarding student conduct. Elementary students may not use or display cellular phones, smart watches, tablets, and gaming devices while on school property during school hours. (The start and end of school will be denoted by the start and end bell.)** However, students may possess a cell phone or other personal electronic device in school, as long as it remains turned off in their backpack and is not disruptive to the educational environment. Unauthorized use of a cell phone, smart watch, or other personal electronic device may include, but is not limited to: taking pictures or recording without permission, cheating, harassment or bullying, use during any emergency drill, use during unauthorized times or use for unlawful activities.

Parents/legal guardians are advised that the best way to get in touch with their child during the school day is by calling the school office. Students may use school phones to contact parents/legal guardians during the school day with permission of the teacher or administrators.

Consequences for inappropriate use may include, but are not limited to:

- warning/confiscate device and return to student at the end of the school day
- confiscate device/return to parent/legal guardian
- confiscate device/return device to parent/legal guardian and privilege to have device is revoked for the remainder of the school year
- confiscate device/return at the end of the school year

Possession of a personal electronic device on school property acknowledges consent to search the contents of the device in a school or criminal investigation. In such investigations, students will provide necessary login information as needed. A student in possession of a cell phone, or other personal electronic device in conflict with this policy will be subject to discipline as provided under the District's code of student conduct (policy JCDA/JCDA-R).

REPORTING CHILD NEGLECT OR ABUSE

Child neglect and/or abuse are serious and dangerous offenses. It is important that you report such cases in order for the child(ren) in danger to receive needed assistance. The Code of South Carolina specifically grants any citizen making a report of these cases immune from civil liability. To file a report involving possible abuse or neglect, please call the York County Department of Social Services at 803-684-2315.

RESIDENCY REQUIREMENTS FOR SCHOOL ATTENDANCE

The Clover School District will admit any student who lives in the district:

- With his/her parent or legal guardian (requires court order of guardianship signed by judge), or
- With an officially recognized foster parent (requires documentation from Social Services), or
- In accordance with the State Affidavit regarding homeless children.

Special Note: The Clover School District will not accept any student who is under expulsion from another school/district.

Proof of residency and legal guardianship is required. Acceptable proof of guardianship includes a court order signed by a judge transferring custody to the individual applying to enroll the child or evidence that custody proceedings have been initiated. **Notarized letters from parents assigning custody to relatives, family friends, etc. are not acceptable.** Two (2) items of documentation for proof of residency in the Clover School District are required **each year. All documents must be dated within the last 30-60 days of enrollment.** Please refer to the District website for specifics and requirements.

SCHOOL COUNSELORS

School counseling is an integral part of the total educational experience and supports the academic and social-emotional growth of every child. Our counselor will push into technology classes once a month to teach school counseling core curriculum lessons. These lessons are designed to help students in the areas of academics and social- emotional development. Our school counselors cover a wide range of content, but some topics that will be taught this year include: conflict/resolution, academic success, friendship, and personal safety including Erin's Law, as required by state legislation Section 59-32-20(B) in South Carolina. School counselors also meet with students individually and in small group settings.

SCHOOL IMPROVEMENT COUNCIL

The School Improvement Council (SIC) is a group composed of parents, teachers, and community persons, which meets four times per year. The school principal serves as an ex-officio member. The major purposes of the committee are:

- To gain knowledge concerning the purpose and goals of the school.
- To disseminate information to other parents and citizens concerning the school program.
- To offer suggestions concerning program improvements with respect to student needs and program operation within the individual school, area, or district.
- To assist in the preparation of the School Renewal Report.

SCHOOL PICTURES

Individual school pictures will be taken in the fall. All students will have their picture taken on this day for record keeping purposes. Individual and class pictures will be taken in the spring. Detailed information regarding prices and optional picture packages will be provided at a later date. No make-up pictures are taken for spring pictures.

SEXUAL HARASSMENT

The board believes that students have rights that should be recognized and respected. It also believes that every right carries with it certain responsibilities.

Not all behavior with sexual connotations constitutes sexual harassment under federal law. In order to qualify as a complaint under Title IX, sexual harassment must be sufficiently severe, persistent or pervasive that it does one of the following:

- adversely affects a student's education
- creates a hostile or abusive educational environment

A one-time incident must be severe to rise to the level of sexual harassment. The district prohibits sexual harassment of students by district employees, other students or third parties. All students and employees must avoid any action or conduct which could be viewed as sexual harassment or inappropriate conduct of a sexual nature. This includes any action or conduct communicated or performed in person, in writing or electronically through such means as a telephone, cell phone, computer or other telecommunication device and includes text messaging and instant messaging.

Sexual harassment consists of unwelcome (as determined based on the age of the student) sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature under any of the following circumstances:

- Submission to such conduct is made either expressly or implicitly a term or condition of a student's education.
- Submission to or rejection of such conduct by an individual is used as the basis for any decisions affecting a student.
- Such conduct has the purpose or effect of unreasonably interfering with a student's education or creating an intimidating, hostile or offensive school environment.

Any student who feels he/she has been subjected to sexual harassment is encouraged to file a complaint in accordance with administrative rule JI-R. A parent/legal guardian may also file a complaint on behalf of his/her child. All allegations will be investigated promptly and confidentially. The district prohibits retaliation or reprisal in any form against a student who has filed a complaint of sexual harassment.

Any employee or student who is found to have engaged in sexual harassment will be subject to disciplinary action, up to and including termination in the case of an employee, or expulsion in the case of a student. A third party found to have engaged in sexual harassment will be dealt with accordingly. The district will take all other appropriate steps to correct or rectify the situation

STUDENT SEARCHES AND ARRESTS

Justification for student searches

Students possess the right to be free of unreasonable searches and seizures under the fourth amendment to the United States Constitution. Balanced against this right is the responsibility of school officials to create and maintain an environment consistent with the district's educational mission.

Prohibited items

Students may not bring to school items or substances which would disrupt the educational function of the school or which are prohibited by school board regulations or by law. Examples of items or substances in this category include, but are not limited to weapons, clubs, explosives, firecrackers, alcoholic beverages and nonprescription drugs or drug paraphernalia.

Lockers and other school property

The district provides lockers, electronic devices (iPads or laptops) and other storage spaces to students for their convenience. These electronic devices and storage areas remain school property and, as such, are subject to periodic inspections by school authorities. The principal or his/her designee may search a student's school-issued electronic device, desk, or locker when such employee has reasonable suspicion that these items are improperly used for the storage of any substance or object, the possession of which is illegal, or may pose a hazard to the safety of the school. Unless an emergency exists, the student should be present and personally remove the contents of the locker, desk, or electronic device for inspection. General locker searches may be called for at any time to include all lockers in a selected section of lockers for general housekeeping and safety of the school. The school principal or his/her designee will maintain an accurate list of all locker assignments and either a master key or combinations to all lockers. At the time a student is assigned to a locker, electronic device, or other storage space, he/she must be informed that school authorities are empowered to conduct random periodic inspections. If applicable, school authorities will post notices of this inspection policy in appropriate locations throughout the school.

Emergencies

Circumstances, which put the safety of students or school staff at risk or could result in substantial property damage also will constitute sufficient reasons for school or police officials to conduct a thorough search of all school property. A bomb scare is an example of such an emergency.

Student Searches

No school personnel will conduct a search, which may be considered a strip search. All searches of students must be conducted or authorized by the principal or his/her designee in the presence of a witness. SC Code Ann. 59-63-1110 states, "any person entering the premises of any school in the State shall be deemed to a *reasonable* search of his person and effects." When the need to search a student arises, the student may be asked to consent to the search.

School personnel may, in the course of an investigation and upon reasonable suspicion, ask a student to empty the contents of his/her pockets, wallet, purse or similar bags or places of potential concealment or to allow school personnel to search a wallet, purse, bag or other items of potential concealment not a part of immediate wearing apparel such as shoes or a jacket. If a personal search is deemed necessary, or if the search of a pocket, wallet, purse or similar bag or place of potential concealment is deemed necessary and not voluntarily consented to by the student, school personnel will request the parent/legal guardian to perform the search or the matter may be turned over to the appropriate law enforcement agency.

Electronic Devices

The privilege of bringing an electronic device including cell phones and smart watches onto school premises is conditioned on consent by the student to allow a search of the device when there is reasonable suspicion that school policy and/or state law has been violated. The principal or his/her designee may request a law enforcement officer to search a device on school premises, subject to provisions of this policy. Refusal by the student or parent to allow a device to be searched when there is reasonable suspicion may also result in a revocation of the student's privilege to bring the device on campus.

Police notification

School administrators will contact law enforcement with regard to possession of items that constitute a violation of law.

TITLE I SCHOOL-WIDE PROJECT

Larne Elementary School qualifies as a Title I school and therefore is eligible for federal funding for school-wide programs that serve all children in the school. With this funding, Larne will implement the following instructional programs, pupil services, and procedures to meet the goals of this school-wide project

1. Early Literacy Intervention practices for students
2. Parenting Opportunities -Workshops that offer assistance with reading and math skills, as well as the social and emotional well-being of each child
3. Staff development for teachers
4. Current technology
5. Paraprofessional
6. Grade-level interventionists
7. Reading Recovery Teacher
8. Field Trips for students

TRANSPORTATION (BUSES)

Parents should confirm bus information prior to the first day of school. Please do not assume that all bus routes will remain the same as last school year.

Any changes in bus transportation must be approved by the transportation office and administration. Requests for students to ride the bus home with a friend or that your child ride the bus for only one day will be denied. If a child rides the bus, he/she must ride on a consistent basis to maintain their seat. Students are assigned to one bus and must be dropped off at the designated bus stop, per the address listed in PowerSchool. Please be advised that transportation requests may not be honored on the same day the request is made and could take up to three days for processing.

Good behavior on buses is essential to the safety of all students and drivers. The school bus is an extension of the school day. Students are expected to conduct themselves on the bus just as they would in school. All bus riders must cooperate fully with the bus driver and observe bus rules. The Clover School District transportation office prohibits the use of technology on the bus. The bus driver is responsible for supervising students on the bus. The driver may stop the bus at any time that misbehavior poses a hazard to safe driving. Drivers will report students who create disturbances on buses. **PreK-2nd Grade students must have an adult visible to the driver before they can be released from the bus. If an adult is not present to receive them, they will be returned to school and the parent or guardian will be responsible for picking them up.**

The principal or assistant principal may suspend or deny bus transportation to any student who violates bus rules.

Infractions

Infractions may include, but are not limited to, misbehaving at the bus stop; fighting, pushing, or tripping others; spitting or littering; refusing to obey the bus driver; hanging out of a window; smoking/lighting matches; making unnecessary noise; tampering with bus equipment; bringing dangerous or objectionable items on bus; throwing objects onto/out of the bus; refusing to obey proper boarding/departing procedures; vandalizing school property or property of others; being rude, discourteous or showing disrespect; behaving in a manner that would endanger safety or well-being of others.

General course of discipline for Bus Rider Infractions:

1. Driver will discuss student misbehavior with administrator, who will then address the issue with the student.
2. Driver will submit a written report regarding repeated student misbehavior or extreme behavior with administrator who will then share information with parents by requesting signed note or making phone contact.
3. Driver will submit a second written report and parent will be invited to meet with student and administrator.
4. Driver will submit a third written report and parent will be notified that student may lose bus privileges.

Our school supports the Clover School District Transportation Department and their procedures. The Transportation Department's rules of conduct and regulations are included below.

Waiting to Board the School Bus

1. All bus drivers are expected to arrive at each designated stop within the same ten minutes of the set hour each day, unless there are uncontrollable factors (mechanical problems, inclement weather, misbehavior, or driver error).
2. Because school buses operate on a very tight schedule, students should arrive at the bus stop five minutes ahead of the bus. Each student should be on time—bus drivers will not wait for those who are late unless it's during inclement weather.
3. While waiting for the bus, students and books or other objects should remain out of the roadway.
4. Students should wait in an orderly manner, remain in a line at least five feet from the bus when it stops to pick up passengers, and should move toward the bus only after the driver signals them to do so.
5. Students are asked not to damage property such as flowers, shrubbery, fences, or other items while waiting for the bus.
6. Students may ride only the bus they are regularly assigned, unless the school principal or the transportation coordinator has granted approval.
7. Students are prohibited from bringing the following items on the bus: **crutches**; animals; glass containers; weapons; balloons; radios/tape players/compact disc players; skate boards; oversize items which obstruct the driver's view, block the aisle or exits, or displace a student from a seat; and any other item or object which will interfere with the safe operation of a school bus. [NOTE: Students may bring band instruments that they can hold in their laps and not obstruct driver view or displace another student's seating. If a student has crutches, the parent/guardian may call the transportation office and request transportation on a special needs bus.]
8. Passengers are to be seated immediately and remain seated while the bus is in motion.

Riding the Bus

1. The driver of a school bus is in complete charge of the passengers while they are aboard the bus and should be given the same respect as a classroom teacher. Complaints against a driver should be directed to the school principal or a district transportation coordinator.
2. Students should conduct themselves in an acceptable manner at all times. Profanity, obscene gestures, horseplay, throwing objects, fighting, and boisterous or other improper conduct will not be tolerated. Outside of ordinary conversation, classroom behavior will be observed.
3. Students will occupy the seat assigned to them by the driver.
4. The aisle of the bus must remain free of books and other objects.
5. Passengers should keep their arms, head, or other parts of the body inside the bus at all times.
6. The driver's view of the passengers and to the outside of the bus must remain unobstructed.
7. Students should refrain from talking to a driver except in an emergency.
8. Passengers should not tamper with the emergency door, fire extinguisher, or other safety equipment on the bus.
9. Students should assist the driver in keeping the bus clean by discarding trash in an appropriate trash receptacle.
10. Students found responsible for damage, defacement, or vandalism will be charged for the damages in conjunction with other disciplinary action.
11. Passengers should show respect for motorists or pedestrians passed on the route.
12. Using technology, eating, drinking, chewing gum and using tobacco products are prohibited on school buses.
13. Mobile devices (iPads/MacBooks) should be kept in book bag while riding the school bus.

Leaving the Bus

1. Students should remain seated until the bus comes to a complete stop. Upon arrival at school, students in the front seats will leave the bus first, and all will exit in an orderly fashion.
2. Passengers are allowed to leave the bus only at regular designated stops. Drivers are not permitted to make unauthorized stops to drop students. Permanent changes require the approval of a district transportation coordinator.
3. After exiting the bus, students who must cross the highway should go about ten feet to the front of the bus and wait until the driver signals them to cross. All students should promptly move away from the bus after exiting and should never go back toward the bus once the driver has broken visual contact with them. Following these instructions saves lives.

General Information

1. Students are not allowed to switch from their assigned bus once the school year begins unless the family moves or the student goes to a different address in the afternoon for childcare. Parents/guardians must notify the school about child care situations and when moving. The school then will notify the transportation office as well as denote such in the child's file.
2. Students will not be approved to ride home with others on a school bus because most buses are near capacity when all students ride.
3. Students are subject to transportation laws, rules, and regulations from the time they board a school bus until the bus route is completed or until the students arrive at their normal destinations, either home or school.
4. All bus students are expected to obey the teachers and administrators at each school their bus serves. Students who disobey any school officials on school grounds are subject to discipline consequences administered by an administrator at the school the student attends.
5. Only administrators (to include a district transportation coordinator) can suspend a student from riding the school bus; bus drivers cannot suspend the students. The bus drivers submit a written school bus incident report to the student's school when the student has misbehaved and the appropriate administrator issues consequence after investigating.
6. Any time a student's behavior on the bus endangers the lives of other bus riders and the motoring public, that student can be immediately removed from the bus and bus riding privileges will remain suspended until the student and his/her parent/guardian has had a conference with the school administrator.
7. Complaints or safety concerns regarding a bus or bus driver should be made to the Transportation Office.

State Laws Relating to School Bus Transportation

1. To be eligible to ride a school bus, students must live at least one and one-half (1½) miles from the school which they attend unless the situation is deemed hazardous.
2. A school bus cannot leave the approved route to pick up a student who lives less than .3 miles from the main route.
3. School bus stops must be at least two-tenths of a mile apart.
4. Bus drivers are required to drive only on approved routes and to make only approved stops.

Request of Parents/Guardians

1. Parents should report all traffic hazards, unsafe driving practices of the driver to the transportation coordinator.
2. Parents should report all misconduct on school buses to the administrators of their children's school.
3. Parents should help supervise students at bus stops.
4. Parents should discuss bus rules with their children and stress the importance of good behavior on buses.

TRANSPORTATION CHANGES

To ensure safety for every child, written notification for transportation changes is imperative (i.e., bus, automobile, daycare, etc.). Kindly notify the school **in writing** of any change in afternoon transportation. **The school should receive this information no later than 1:30pm on the day the change is to occur.** Please email LESTransportation@clover.k12.sc.us Changes will be accepted via documented email on record in PowerSchool. Changes cannot be made over the telephone. This information should include:

- Date of change
- Student's full name
- Student's homeroom teacher
- Detail of change (ex: AM only, PM only, both)
- Parent/ Guardian Signature

Students will be released only to those parents/guardians, relatives and friends whose names are listed on the emergency card. Those persons should be prepared to show a state-issued picture ID when picking up a student. **Due to the age of our students, it is critical that changes in transportation not be made except in the event of an emergency.** Consistent methods of transportation home are critically important for protecting the safety and well-being of our students. We appreciate your cooperation with this policy.

If you have questions or concerns about bus transportation, please call the school or the Clover School District Transportation Office at 803-810-8190.

TOYS AND TRADING CARDS

Toys and trading cards are not allowed at school unless brought for *Show & Tell* in PreK and Kindergarten classes. Items must be put in a book bag and kept there until the student is off of the school campus.

VEHICLE CARDS

Parents/guardians of car riders will be issued vehicle tags, clearly labeled with their child's name. Please place your vehicle name tag (issued by the school) with the name(s) of your child(ren) written on it on the dashboard of your car. Car tags should remain displayed until the child is placed in the vehicle. **If the vehicle card is not on display, traffic will be held until identity and pick-up permission is verified.** Should it become necessary for a different person to pick up your child, please follow the proper procedures in notifying the school in writing and make arrangements to share one of your vehicle cards.

Car tags should remain displayed until the child is placed in the vehicle. If your child requires car seat assistance, please move forward to a non-loading zone. We will dismiss and load cars in a safe and orderly manner as quickly as possible. **Parents are asked to remain in their cars for afternoon dismissal. Once again, parents, we are asking your cooperation for the safety of our students.**

VISITORS/VOLUNTEERS

We encourage parent involvement in our school. **All school guests are required to check-in at the main office and show a state-issued picture I.D. to receive a visitor's sticker for ALL school events.** These stickers must be worn and visible throughout the duration of the visit. Parents/Guests are asked to remain in the designated visitation areas during school visits. Persons seeking to volunteer one-on-one with a child or to chaperone a field trip **must complete a Clover School District Volunteer Application and be on the approved volunteer list.**

Occasionally, you may ask to observe in your child's classroom. **In order to keep disruptions to a minimum, these visits must be scheduled in advance with the teacher and principal. In addition to contacting the teacher and principal, a Classroom Observation Request form must also be completed. This is also required for any third-party observations. Younger children, friends, or students from other schools will not be allowed to spend the day in a classroom.** If you would like to have a conference with the principal or teacher, please call the school for an appointment. Volunteers and visitors will have to provide a current, state-issued picture identification card during each visit to our school. We hope to see you often!

Lunch visitors should remain in the cafeteria and are not permitted to visit classrooms, playgrounds, bus loops, or interrupt instructional time.

WEAPONS

It is the policy of the board of education to ensure the safety and welfare of its students and employees. The presence of firearms, knives, dirks, razors, metal knuckles, slingshots, bludgeons, tasers, mace, explosives or any other deadly instrument used for the infliction of bodily harm or death on school district property poses a severe threat of serious harm or injury to students and staff.

While on school grounds, in school buildings, on buses, at the bus-stop, or at school-related functions, students will not possess any item capable of inflicting injury or harm (hereinafter referred to as a weapon) to persons or property when that item is not used in relation to a normal school activity at a scheduled time for the student. No vehicles parked on school property may contain firearms, knives, blackjack or other items which are generally considered to be weapons.

Items deemed as "look-alike" weapons brought onto school premises or at school-related events may be punished as weapons depending upon the circumstances.

Level of offense

The school will investigate all instances in which students have a weapon on campus. If a weapon is found on the student's person, within the student's personal possessions, or in a student's school-issued locker or desk, the school will issue a disciplinary consequence up to and including a suspension or recommendation for expulsion from school. The length of time for a suspension will be determined by the principal and will take into account:

- location of the weapon
- type of weapon
- intent or use of weapon
- age of child
- first offense or repeated offense

The school will notify law enforcement when students bring a weapon onto school campus including firearms, knives with blades over two inches, dirks, razors, metal knuckles, slingshots, bludgeons or any other deadly instrument used for the infliction of bodily harm or death on school district property.

- It is a felony offense, punishable by a fine of \$1,000 or imprisonment for five years, or both, to carry a weapon as referenced above on school property.
- It is a misdemeanor offense, punishable by a fine of up to \$500 or imprisonment for up to 90 days, to carry a concealed dirk, slingshot, metal knuckles, razor or other deadly weapon.
- The board will expel any student who brings a firearm to school. The term firearm is defined extensively in the U. S. Code, but generally means a weapon (gun) or destructive device (explosive, incendiary).
- The period of expulsion will be no less than one year.
- The board directs the superintendent to bring recommendations for expulsion consistent with this policy. On a case-by-case basis, the superintendent or designee may modify this expulsion requirement.
- The district is not required to provide educational services in an alternative setting to students expelled under this policy except as required for disabled students as defined in the student code of conduct JICDA-R.
- The district will refer each expelled student to the local county office of the Department of Juvenile Justice.

The Family Educational Rights and Privacy Act (FERPA)

The **Family Educational Rights and Privacy Act (FERPA)** is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

Parent/Eligible Student Rights

Parents have certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom these rights have transferred are "eligible students."

Parents or eligible students have the right to:

Inspect and review the student's education records.

A parent/eligible student wishing to inspect and/or review educational records should make the request to the school principal/designee in writing and identifying the records they wish to inspect. The parent/eligible student has the right to inspect and review the education records within forty-five (45) days after the school receives the request for access. The principal/designee will make arrangements for access and notify the parent or the eligible student of the time and place where the records may be inspected. If the parent or eligible students requests an explanation or interpretation of the records, the principal /designee will, within the principal's discretion, make arrangements for appropriate staff members to be present. Parents must inform the principal/designee in writing if they have given permission for a representative to inspect/review the records.

The principal/designee may provide a copy of any record requested within a reasonable amount of time. In some instances, a reasonable copying fee may be requested; however, no fee will be charged to search and retrieve the information. The principal/designee is responsible for documenting that access or copies were provided within the established timeframe.

Seek amendment of the student's education records that the parent or eligible student believes to be inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

The parent/eligible student seeking to amend must make their request for amendment in writing to the principal/designee of the child's school. The request for amendment must clearly identify the part of the record that the parent/eligible student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA and why it should be changed. The principal and/or other appropriate school district officials will review the request and notify the parents of their acceptance or refusal to amend. If the district accepts the request to amend, the amendment will be made to the educational record and the parents shall be informed of the action. If the request to amend is denied by the school district, the parents will be informed in writing of this refusal and of their right to request a hearing. If, after the hearing, the school district still decides not to amend the record, the parent or eligible student will be allowed to place a statement in the record setting forth his or her views. This statement will remain in the student's record for as long as it is maintained.

Consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. Schools will treat each student's educational records as confidential and primarily for school use. In most circumstances, schools will obtain written permission from the parent or eligible student in order to release any information from a student's education record. However, the schools/district may disclose student information without parental consent in any instance that FERPA authorizes disclosure without consent, including, but not limited to, the following instances:

- a. To school officials that have legitimate educational interests in the information. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records, such as an attorney, auditor, medical consultant, or therapists; a parent of student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his/her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility.
- b. To another school district in which the student seeks or intends to enroll.
- c. When the information has been designated as directory information. Clover School District discloses directory information without prior parental permission. Directory information includes name, address, telephone number, parents' names, date/place of birth, participation in officially recognized activities and sports, weight/height of members of athletic teams, photographs, dates of attendance, diplomas or certificates and awards received and the most recent previous educational agency or institution attended. Clover School District provides notice of directory information through the district handbook. The school/district will not release directory information to any person or agency for commercial use. Parents/eligible students have the right to refuse to permit the designation of any or all of the categories of personally identifiable information with respect to the student as directory information. To refuse permission for the release of any or all directory information, the parent/eligible student must notify the principal/designee in writing within fifteen (15) days of the annual distribution of notification of privacy rights and must state what information should not be classified as directory information. The notification will become a part of the student's education record. The principal/designee is responsible for notifying appropriate personnel of the request. Please note that this statement within the handbook serves as the annual notice.
- d. Other disclosures allowed by FERPA
 - To the parents of an "eligible student" (age 18 or enrolled in a postsecondary institution) if the student is a "dependent student" as defined in the Internal Revenue Code.
 - To specified official for audit or evaluation purposes. Educational records may be disclosed to authorized representatives of specified federal, state, and local officials and authorities in connection with an audit or evaluation of federal or state supported education programs or the enforcement of or compliance with Federal legal requirements related to those programs.
 - To appropriate parties in connection with financial aid for which the student has applied or received.
 - To organizations conducting certain studies for or on behalf of the school. Educational records may be disclosed to organizations conducting studies for, or on behalf of, the school in order to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.
 - To accrediting organizations to carry out their accrediting functions.
 - To comply with a judicial order or lawfully issued subpoena.
 - To appropriate officials in cases of health and safety emergencies, and
 - To state and local authorities, within a juvenile justice system, pursuant to specific state law.

File a complaint with the U. S. Department of Education if you believe the requirements of the Family Educational Rights and Privacy Act (FERPA) are not adequately implemented by the District.

Complaints should be submitted in writing to:

Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, DC 20202-8520
