

Dear All,

In order to promote the career and achievements of Women Astronomers, the IAU Women in Astronomy Working Group is working on a compilation of 'Women in Astronomy' career stories. Please find below the format of this compilation. We invite you to share your career stories and add every important experience that you might like. Please add images to your write-up and send us your contributions by 28th Feb, so that we can release it in the upcoming IAU General Assembly meeting of 2022.

Format-

1 Early life and education (1/2 page)

2 Career and research (1/2 page)
