

Career Research Paper
Interview Instructions

=**One source** for your senior research paper must be an interview.

=You can accomplish the interview in three ways--**phone call, email, or shadow.**

=You will use the interview to get a better understanding of the **daily requirements and human elements** of the job.

=You must create a list of **7-10 questions** to ask.

These websites provide some sample questions --

[12 Questions to Ask](#)

[40 Questions to Ask](#)

=When setting up the interview, use a **script** like this sample -

Good afternoon, my name is..., and I am a senior at Shawnee Mission South High School.
I am working on a career research paper, and I am hoping that I could find a time to ask you a few questions about the career.
I have heard great things about...
I would like to schedule 10-15 minutes of your time to learn more about the career.

=Talk to friends, family, teachers for interview connections
