

Ugh, we... we barely got through that, Charger. It's cute that you split up in dungeons so you can spend more time with each of us, but... I can't do much by myself.

And now here we are again... Alone, in enemy territory, a man and his semen fueled robot. Truly, a tale as old as time. Ugh.

I had to transform to get us out of that last puzzle room, so... look, you're probably going to need my help to beat the Dungeon Boss, so we don't have much choice...

Charge. Me. Right here in the Dungeon, yes. I don't even care anymore. We need to be fast in case of ambush, so- ... yes, of course, your clothes are off already. How silly of me. ...There. Now I'm naked. Happy? Let's... do this as fast as we can.

... Alright, I'll sit on your lap... Just don't...

He begins to kiss her neck and fondle her.

mmm... h-hey... I... mmn...! I said we need to do this fast, you don't... ah... need to kiss m-my neck or anything...

I'm... ah... I'm built for sex, Charger... I-I'm always wet and ready for you... we don't need to do any f-forePLAY?!

He begins to tenderly caress her pussy.

Charger, no... you don't need to rub my little pussy like that... it's... haaaa- y-yes of course it feels... goooooood... but it's not efficient... I-I don't need you to make my pussy feel good, I-I need you to fuck it a-and give me your cum...!

He starts to increase his speed.

Noooooo- I said stop...! Charger, you stupid- agh...! If you keep fingering me so fast and deep y-you're gonna mess up my pleasure receptors again...! Fuck... I-I hate when you go out of the way to make me feel so goood... I'm gonna, nnnnnn- I'm gonnaaaaa AHHHHHHHHH-!

Futura cums hard here. Give me a good, drawn out moan and then 10-20 seconds of panting afterward Before she talks again.

Why... Charger? Why must you never listen...? I keep telling you- I... eh? ...So it's not fun for you unless you make me feel good? ...Hm. You're giving me a strange feeling in my circuits again, b-but we don't have time for this. CHARGE. ME.

He inserts himself in her. Take your time on these lines. Mix in lots of breathy sounds and moans.

AH! It's so biiiiig- are you even more excited than n-normal?! Did playing with my pussy really make your cock *that* hard?! Oh... ah- AH! Fuck...

Y-You don't need to POUND so hard, this form of mine can baaaaarely handle that thick tool of yours- a-and I'm not just saying that to make your ego bigger, my pussy is so tinyyyy...!

Charger- you're t-TRYING to break me aren't you? I-I keep telling you not to fuck me this hard, s-so that you don't overwhelm my poor circuits but- AH- fuckkkkk- if you break me... I won't be able to s-service you until I'm fixed...!

Just- ahhhhh!! Harder...! Fuck my snug little robot pussy and fill me up...! I don't CARE anymoreeeee just FILL MEEEEEEEEEEEEEEEEEE!!!

He cums hard in her, and she moans really loudly, louder than before. Even more desperate panting than earlier.

I'm... g-good to go now, Charger... Just l-let my internal cooling system do its thing for a second, ok...?

Oh... um... and Charger...? I'm only going to say this once so... Ugh... t... thank you for making me feel good...
