PROFESSIONAL EXPERIENCE

Student Assistant 01/2019 – On going
University of Nicosia, Nicosia, Cyprus

- As a student assistant at the Department of Life and Health Sciences I had to work closely with Program coordinators for various administrative tasks of the programs. The programmes I worked under were Nursing and Nutrition and Dietetics.
- Assist them throughout the accreditation process from submitting the forms to the responsible local authority until the presentation of the programs
- Assisted in the preparation and update of program handbooks and promotional material for program promotion.

|https://www.linkedin.com/in/marilena-papaioannou-224b09a6/

- Research and study relevant guidelines and rules around the different levels of programmes in order to inform the coordinator to maintain the smooth progression of the students path especially for PhD students.

Clinical Coordinator 03/11/2018- 22/12/2018

Pedieos IVF Center, Nicosia, Cyprus

- As a clinical coordinator I had to keep fully informed and updated the international patients along with their doctors and donors needed throughout the entire in - vitro fertilization procedure.
- My duties covered both the medical and administrative part for the new and existing patients.
- It helped to be able to carry out multiple tasks both in the medical and administrative roles.
- Developed stronger organizational skills while trying and maintain updated the patients and all medical personnel involved throughout this procedure.
- Good communication skills while having to update both doctors and patients.

Project Coordinator 01/2017-06/2019

Youth Empowerment Foundation, Nicosia, Cyprus

- Coordinating an environmental project called Second Life for a non - profit organization- Youth Empowerment Foundation where I was volunteer for about 4 years before becoming a project coordinator.
- My responsibilities were to fully organize the project and financially maintain it at a self - sustained level which enhanced organizational and managerial skills.
- Make contact with new schools or associates and maintain contact with older associates.
- Book and organize events for the sale of products for fundraising purposes
- Organize workshops for the preparation of products foe events. During the workshops it involved collaboration of people of various ages and backgrounds which are residents of a rehabilitation centre -Materia group and volunteers from participating schools collaborated to check and fix toys for sale at the events.

Assistant teacher 09/2013 – 06/2016

American Academy Nicosia, Nicosia, Cyprus

- Helped after school students with their homework and prepare for tests
- Taught some students to learn Greek language.

INTERNSHIPS
