NLRMS 7/8
Message to Parents
Engage, Educate, Enrich, Empower!
10.1.2023

Good Evening NLRMS 7/8 Family,

We are excited to officially announce that we have a new member of our staff team! Please help us welcome Coach Randy Sandefur to the NLRMS 7/8 team! He is our new Keycode teacher. If your student is in Keycode this semester, you will be seeing updates in HAC this week!

As a reminder, Keycode is a semester-long course for 7th grade students.

Announcements/Reminders

Car Line Tips, Tricks, and Etiquette - A few of our students requested that we share this car line tutorial video with parents. There are a few things that are occurring in the car line that are not safe. We ask all parents to help us remedy the following issues:

- **Students being dropped off in the bus loop** - Students should only be dropped off at the front of the building where adults in the building are able to see them.
- **Students walking across traffic in the parking lot** - Parents, you must go through the car line to drop off your student. It is not safe to park and let your student out in the parking lot. This requires your child to cross through the staff parking lot while staff members are parking, and it requires your child to cross through the moving car line.

Special Announcement - Click the link to view the special announcement we made to students on Friday!

Chromebooks - At the last school board meeting, our board voted to purchase 3110 chromebooks for the 7/8 Campus! This will bring our campus back to one device per student ratio.

Upcoming Events

- **October 10** - Boone Park's Parent and Family Night at Boone Park - NLRMS 7/8 PTA and administrators will be present to answer any questions you may have about the 7/8 Campus. If you have not joined PTA, this will be a great opportunity to do so!
- **October 19** - PD/Parent Teacher Conferences (NO SCHOOL for students)

- **October 20** - NO SCHOOL
- **November 2-3** - NO SCHOOL
