General Information

Description

Art 2 is designed to develop drawing skills to an advanced level through the exploration of a variety of media, methods, and subjects. Students will be expected to draw from life as well as memory and imagination. Art history research and vocabulary development are other important components of this course as students learn to make informed judgments about artwork through class discussion and written expression. Career opportunities in art-related fields will also be explored.

Studio Etiquette	Citizenship/Participation	Visits to Classroom
1. Be Polite & Considerate 2. Keep area/classroom clean! 3. Stay in your seat! 4. Bring necessary materials. 5. Turn work in on time! 6. This is an ART class, NOT a free period. Work on your class work. 7. Give effort	Students will receive a citizenship and/or participation grade each grading period. This grade is reflective of how you treat others, materials, and how you use your time.	No one can come walking into the classroom "just because". The art teacher and students in the class are working. You may not enter unless you have prior approval.

Grades

See Rubric.

You are given plenty of class time and opportunities to complete work on and off campus. Any late projects will have an automatic reduction of 10 points unless there is an academic or doctors excused absence.

Expected Graded assignments

Weekly Warm-Up (Daily Grade)

Critiques, Sketches, Skills & Practice Days (Daily Grade)

Major Projects and Unit Tests (Major Grade)

Two make-up days per 9 weeks is allotted to ensure completion or revision of failing or missing assignments.
