

LinkedIn Sales Nav Offer Explanation

This offer is only possible due to a workaround with our Enterprise LinkedIn plan. Because of that workaround, **it's a little weird.**

This does NOT work if:

- You have an **active** LinkedIn Sales Nav subscription.
- You have a **brand new** LinkedIn account or under 10 connections

Here is how the offer works...

Please do your best to understand this prior to ordering...

To continue receiving a discount with Sales Nav, **you cannot use the same workaround 2 times in a row.**

So... There are 2 workaround plans

The 4 month discount... and

The 2 month waiver

You will need to **alternate between these plans** to maintain a discount.

The 4 month discount works like this... You pay us \$97

We then send you an **activation link** which **unlocks a special rate** with LinkedIn that is **USUALLY 75% off.** It varies based on location and other factors we do not understand.

So you end up paying **\$97 + (\$25 x 4) = \$197 (ish)**

That's a savings of at least 50%

Once that 4 months runs out, please **cancel your LinkedIn Sales Nav plan.**

Then order our **2 month waiver**

This one is simpler - pay us \$97 and we will send you an **activation link for 2-3 free months** of LinkedIn Sales Nav

Yes, 2-3 months. Depending on location and other factors. We do not control this.

Here's how to get started.

Use this Order Form to start your services and to renew.

If this is your first time, choose the 4 Month plan.

If you are renewing, choose the alternate to what you are currently on.

You will be put in touch directly with our LinkedIn Rep to send you the activation URL.

That is all.

If for any reason you are unable to activate, we will refund your money.

If you choose not to activate after purchasing, I can't help you.

Now most importantly...

This offer does NOT make me a penny. I do it as a Loss Leader and to give additional value to my community.

If you purchase this and then complain, you will be blacklisted.

Love you!
