

What is a Makerspace?

A place where friends meet to share ideas, create fun crafts and work on projects. A Makerspace can have 3D printers, laser cutters, and even sewing machines.

A makerspace is a place to be creative. In a makerspace you can design, create and be your best creative you!

A place where you can be creative and do your own thing

A place where you build stuff

Make a space

A place to learn and get work done

A maker space is where you can be as creative as you want and have fun. ~Daylor

I think a makerspace is a place that you can do as you want.

A makerspace is a place you go to learn about STEAM2 and be creative.

A makerspace is a fun place to work with other people to do projects and share ideas.

A makerspace is a place to have fun and work in a happy environment. ~Vince

A space where you can go before or after school and lunge, do homework, etc.

I think a makerspace is a place that you can do as you want.

A makerspace is where you can be as creative as you want and have fun.

Makerspace: a work area that you can hangout with friend in.

A place where you invent and create new things

A makerspace: a place where you create an event.

Is a place where you can be creative and learn about STEAM.

Makerspace - definition - is a place where people's ideas come in and everybody gets a part, a fun place where every subject has its place.

What wisdom and vision would you like to pass on to the next Makerspace team?

Make sure you take care of Makerspace and don't leave a mess. Pass something great to the people who will come after you. Expand the Makerspace and turn it into something everybody will love. Change the world with Makerspace and reach for the stars. Don't end this greatness that everybody has a chance to follow through with! Sierra M.

I'd like to see colors and a good working environment! Chelsea

Make Makerspace useful and cool and fun!

Cover the open spot of the railing with something so nothing falls down. Hayden

To have a place to get your homework done. Jacob

The Makerspace is a place to create and have fun, so make sure it's fun!

Make Makerspace neat and light and adventurous and useful! Sam T.

My dream is that there will be an amazing group of people. Dream BIG! Makerspace is a place to go where you can create and imagine. You can never dream too big. My other dream is that you will continue to imagine and create a book corner. Elianna

My vision for the Makerspace is a nice creative place to hangout and work on school projects. An amazing place to share dreams and I wish we could have a floor for each STEAM2. Rowan

My vision is for the Makerspace to be a fun place and for people to use it. Chase
To make.

Don't take it too hard! Have confidence in yourself! Be you! Emma

You should build pinatas. Pinatas are cool. Diana D.

Make an enjoyable space that everyone will be happy to create things. Make it comfortable and a place where everyone feels safe and secure. Lily C.

I want Makerspace to inspire people to try new things. I don't want Makerspace to be a strict "You have to follow the rules" place. Just somewhere where you can do whatever you dream. Addie
Have fun! I want the Makerspace to inspire people to be creative and people don't forget what we created! Bailey

I hope the Makerspace will be super cool in the future. Kowan

I wish to make the Makerspace a safe and fun place for people to go to get work done and just to have fun. I also wish to have a bunch of people funding us so we can get what we want for the Makerspace. Vincent
Just make marble bowling please!!!!!! Do it for Bob.

Marshmallow tower!!!

Make the Makerspace COLORFUL. Make it comfortable. Phone chargers, board games, extra h.w. Sheets, phone to call people (teacher's room phones). McKenzie

My vision is to add more supplies to build more creative things and to expand it. Alex

Think whatever you want and dream big! Guess how many jelly beans in a jar. Ethan
