

Senior Project Proposal Document

Project Title:

Participant Name(s):

Staff Mentor:

Staff Mentor Signature:

The staff mentor's role is to support the project. This is mandatory, but does not guarantee a project's approval.

Community Advisor/Mentor:

Contact Info (Phone/Email):

Community advisors are strongly encouraged, but not required. Proposals with connections to an applicable community organization or individual are more likely to be approved.

1. What do you plan to do for the project? What are your goals? Provide a narrative of what you will do and what you hope to accomplish. Please be detailed and specific.

2. Why are you interested in completing this project? What valuable experience will the project provide you, and/or how will the project benefit the community?

3. Please provide a detailed timeline for your project, including any steps you'll take before the project period, as well as how you will spend your time during the project period, May 16th-31st. Your project plans must include a 70 hour commitment during the project period for each member of the group.

4. What resources will you need to successfully complete the project? Such resources could include money, transportation, space, professional advice/consultation, etc.

5. What obstacles could get in the way of your successful completion of the project? In the event that these obstacles do arise, how will you overcome them? For example, if your project plans include outdoor work, how will your plans change in the event of inclement weather.

6. What evidence will you have during the project period that you have followed through on your proposed plans? Explain how you will document the completion of your project in May to show progress to your faculty advisor.

7. What communication have you had and plans have you made with your community advisor? You should have made contact with your community advisor prior to submission of the proposal.

8. If you are participating in a group project, how will the workload be shared? Please explain the role of each participant in the project.

9. What prior Greely commitments do you have during the project period, May 16th-31st? How will these commitments affect each individual's participation in the project? All students with an IB exam during the weeks of May 16th-31st, as well as any student in Band or Chorus, need to include that information here and can deduct 5 hours per commitment from their individual 70 hour total. While these do not qualify for deductions, please consider athletic and other extracurricular commitments, as well as art show setup and breakdown if you are an art student.
